- (ii) He has been in India during the 4 years immediately preceding the previous year for a total period of 365 days or more and has been in India for at least 60 days in the previous year.

During the previous year 2018-19, Mr. Rajesh, an Indian citizen, was in India for 175 days only (i.e., 30+31+30+31+31+22 days). Thereafter, he left India for employment purposes.

Since he does not satisfy the minimum criteria of 182 days, he is a non-resident for the A.Y. 2019-20.

Note: Computation of Gross Annual Value (GAV) of first floor of Suresh's house

If a single unit of property (in this case the first floor of Suresh's house) is let out for some months and self-occupied for the other months, then the Expected Rent of the property shall be taken into account for determining the annual value. The Expected Rent shall be compared with the actual rent and whichever is higher shall be adopted as the annual value. In this case, the actual rent shall be the rent for the period for which the property was let out during the previous year.

The Expected Rent is the higher of fair rent and municipal value. This should be considered for 9 months since the construction of property was completed only on 30.6.2018.

Expected rent = Rs.75,000 being higher of -

Fair rent = $1,00,000 \times 9/12 = \text{Rs.}75,000$

Municipal value = $72,000 \times 9/12 = \text{Rs.}54,000$

Actual rent = Rs.90,000 (Rs.15,000 p.m. for 6 months from July to December, 2018)

Gross Annual Value = Rs.90,000 (being higher of Expected Rent of Rs.75,000 and actual rent of Rs.90,000)

Note: Under Rule 3(7)(viii), while calculating the perquisite value of benefit to the employee arising from the transfer of any movable asset, the normal wear and tear is to be calculated in respect of each completed year during which the asset was put to use by the employer. In the given case the third year of use of car is completed on 15.7.2018 whereas the car was sold to the employee on 14.7.2018. The solution worked out above provides for wear and tear for only two years.

4. (a) (i) ABC Bank has to deduct tax at source @ 10% under section 194A, since the aggregate interest on fixed deposit with the three branches of the bank is Rs.20,250 [$1,00,000 \times 3 \times 9\% \times 9/12$], which exceeds the threshold limit of ₹ 10,000. Since ABC Bank has adopted CBS, the aggregate interest credited/paid by all branches has to be considered. Since the aggregate interest of Rs.20,250 exceeds the threshold limit of Rs.10,000, tax has to be deducted @ 10% under section 194A.

Tax to be deducted = Rs.20,250 x 10% = **Rs.2,025**

- (ii) In this case, since the programme is produced by the production house ABC Ltd. as per the specifications given by Sky TV, a television channel, and the copyright is also transferred to the television channel, the same falls within the scope of definition of the term 'work' under section 194C. Therefore, the payment of ₹ 70 lakhs made by Sky TV to the production house ABC Ltd. would be subject to tax deduction at source under section 194C. Under section 194C, tax is deductible at the time of credit or payment, whichever is earlier @ 2% if the payment is made to a person other than an individual or HUF.

Therefore, tax to be deducted = Rs.70 lakhs x 2% = **Rs.1,40,000**

- (b) Section 64(1) of the Income-tax Act, 1961 provides for the clubbing of income in the hands of the individual, if the income earned is from the assets transferred directly or indirectly to the spouse of the individual, otherwise than for adequate consideration. In this case Mrs. Kapoor received a gift of Rs.2,00,000 from her husband which she invested in her business. The income to be clubbed in the hands of Mrs. Kapoor's husband for A.Y.2019-20 is computed as under:

Particulars	Mrs. Kapoor's Capital Contribution	Capital Contribution Out of gift from husband	Total
	Rs.	Rs.	Rs.
Capital as at 1.4.2017	3,00,000	--	3,00,000
Investment on 10.04.2017 out of gift received from her husband		2,00,000	2,00,000
	3,00,000	2,00,000	5,00,000
Profit for F.Y. 2017-18 to be apportioned on the basis of capital employed on the first day of the previous year i.e., on 1.4.2017	1,50,000		1,50,000
Capital employed as at 1.4.2018	4,50,000	2,00,000	6,50,000
Profit for F.Y.2018-19 to be apportioned on the basis of capital employed as at 1.4.2018 (i.e., 45 : 20)	2,70,000	1,20,000	3,90,000

Therefore, the income to be clubbed in the hands of Mrs. Kapoor's husband for A.Y.2019-20 is Rs.1,20,000.

(2) Loss from toy business(Rs.1,30,000 - Rs.40,000 - Rs.90,000)	Nil
(3) Loss from specified business covered by section 35AD	20,000

Notes:

- (i) As per section 71(3A), loss from house property can be set-off against any other head of income to the extent of Rs.2,00,000 only.
As per section 71B, balance loss not set-off can be carried forward to the next year for set-off against income from house property of that year. It can be carried forward for a maximum of eight assessment years i.e., upto A.Y. 2027-28, in this case.
- (ii) Loss from specified business covered by section 35AD can be set-off only against profits and gains of any other specified business. Therefore, such loss cannot be set off against any other income. If loss cannot be so set-off, the same has to be carried forward to the subsequent year for set-off against profits and gains of any specified business, if any, in that year. As per section 73A(2), such loss can be carried forward indefinitely for set-off against profits of any specified business.
- (iii) Business loss cannot be set off against salary income. However, business loss of Rs.90,000 (Rs.1,30,000 – Rs.40,000 set-off against income from speculation business) can be set-off against long-term capital gains from sale of urban land. Consequently, the taxable long-term capital gains would be Rs.50,000.

- (iv) Loss from card games can neither be set off against any other income, nor can it be carried forward.
- (v) For providing deduction under Chapter VI-A, gross total income has to be reduced by the amount of long-term capital gains and casual income. Therefore, the deduction under section 80C in respect of life insurance premium paid has to be restricted to Rs.20,000 [i.e., Gross Total Income of Rs.1,15,000 – Rs.50,000 (LTCG) – Rs.45,000 (Casual income)].
- (vi) Income from betting is chargeable at a flat rate of 30% under section 115BB and no expenditure or allowance can be allowed as deduction from such income, nor can any loss be set-off against such income.
