

### CAMBRIDGE GCE A-LEVELS: SPECIALTIES OF THE COURSE

- **Flexibility:** The structure of the A Level course allows students considerable flexibility in designing a stimulating program of study. Students have the options of choosing either A Level or AS//2 (Advanced Subsidiary) Level courses in order to fulfill the Level requirements. Students choose the length and depth of study which matches their interests.
- **Rigor:** Demanding courses stretchable students, who can also take a heavy course load for an additional challenge.
- **International Standards:** The program sets a standard education around the world.
- **Recognition:** An A Level degree is recognized by countries across the globe as meeting their requirements for entry into higher education.

### A-LEVEL SUBJECTS/CREDITS

An A – Level qualification is equivalent to one credit, while an AS Level qualification is equivalent to just half. To pass A - Level from Chelsea International Academy students should have at least 3.5 credits. Study of one language subject is compulsory. This skills-based approach aims to provide educational experience for students and teachers.

### MESSAGE FROM THE PRINCIPAL/ FOUNDER DIRECTOR

I feel proud and privileged to introduce grade 11 & 12 specialized in Science & Management in Vidhya Sanskar Secondary School along with the successful academic legacy of Chelsea International Academy. I extend my sincere gratitude to our valued parents/guardians and all well-wishers who have supported directly or indirectly Vidhya Sanskar family. Our aim is to equip the students with the core essence of education that enables them to face the global challenges efficiently in the recent world. Vidhya Sanskar believes in moral discipline which helps envision the individuals with their keen responsibility that ultimately sets up a milestone for their further career. The students are self-motivated to involve in the activities in fostering their personal development independently. We have evidences with A-level students of academic excellences as World Toppers and Nepal Toppers in Cambridge GCE A Level Examinations for more than a decade. I proudly say that our institution has become the most suitable platform for the students to explore, and enhance the knowledge and skills. We believe in simplicity and creativity that entrust the people to get involved with.

**SUDHIR KUMAR JHA**

## ABOUT VIDHYA SANSKAR

Vidhya Sanskar Secondary School is a co-educational institution; an undertaking of Chelsea International Academy, located in Mid- Baneshwor, Kathmandu. It's been more than a decade that Chelsea International Academy has been maintaining its academic excellence in Cambridge GCE A Level with the motto 'Vision for Virtue', through which it has been able to produce the scholars who have been contributing the nation in various national social issues. With the same spirit, The institution runs grade 11 and 12, specialized in Science and Management and has been able to set the record of extraordinary result from the very first batch. From its ab-initio phase, the institution has been promoting equal opportunities in Educational Programs and Co-curricular Activities. The Institution aimsto inculcate the students with adequate life skills as a partfrom the designed curriculum that makes them eligible to compete to any institution within and abroad as per their interest and caliber. It focuses on student centered learning activities which becomes stable support to their personal life. Different Approach: We involve the students in activities, monitor andguide them with interactive approaches so as to facilitate them. They have to search the information and present to the class in different subjects,frequently. Pair Work and Group Discussion are other vital aspects of classroom activities to manifest the potentials. The students are encouraged to take the initiative to explore in different field of interest and master their skill for their future career.Our Achievements: We have a proven history of academic excellence with our students; They are at reputed positions within and outside of the country. Most of the students havemade their identity in international forums. We have produced doctors, engineers, charteredaccountants and many more who are serving for the welfare of the nation.
