Narayan Prasad Upadhyay
Chairman & Principal

MESSAGE FROM THE CHAIRMAN & PRINCIPAL

Dear Students and Parents,

Choosing the right educational institute can be a turning point in one's life. Students need to make sure that they choose a place where they are nurtured mentally, socially and academically. I am delighted to welcome all our prospective students and their parents to Herald Education Network, a leading academic institution offering various programmes.

We have been looking on an approach to the teaching learning procedure that goes beyond the traditional one. Herald aims to discharge its responsibility by providing human and physical resources for congenial teaching and learning environment. The quality education for excellence is at central point in our educational endeavors for we believe that a student with state-of-the-art knowledge in respective field with high moral value can best lead the organization or society in days to come. Keeping this in mind, strongly that we need supportive infrastructure, having spacious classrooms, library, cafeteria, labs and sports ground with modern amenities. I would like to assure that we have been using all these while transferring knowledge skills based upon updated sharp and smart information technology.

I would like to take in record of various individuals, entire Herald Team and valued parents and guardians for their contributions in bringing Herald to this height. We are even more committed to make this exemplary institution, a centre of academic excellence in its true sense.

Last but not the least, you are cordially invited to join Herald and ensure your bright future.

Thank you and best wishes,

Narayan Prasad Upadhyay
Chairman & Principal

HERALD AT A GLANCE

Herald International College (HIC) founded in 2063 B.S (2006 A.D) under the umbrella of Herald Education Network. It has emerged as one of the best academic institutions in Nepal. It is being run by a team of dedicated educationists, professionals and renowned academicians. Our student's, faculties and staff share a commitment to hard work and to advancing society through creativity and innovation. We are about learning, creating new knowledge and being smart about using that knowledge.

HIC is a well recognized academic centre for teaching learning in Nepal. HIC is committed to provide the quality education at an affordable price to the students of higher secondary and bachelor's degree to enable them face the contemporary emerging challenges.

- HIC is an outstanding academic institution striving to become a centre for excellence in the respective field.
- It aims to empower the youths to face the needs and challenges of the 21st century under the expert guidance and mentorship of renowned academicians.

Chemistry Lab

VISION:

Envision having human resources, who can lead society and country for transformation through vibrant socio-economic activities.

MISSION:

HIC aspires to contribute towards vibrant transformation of Nepali society through the availability of competitive human forces in the field of Science, Humanities and Business Management.

OBJECTIVES:

- To impart contemporary and globally relevant education and skill in the respective field of education.
- To instill moral values, confidence, creativity, positive attitude, entrepreneurial traits among students.
- To provide interface between academic and real life situation through active collaboration with private sector, social sector and renowned individual personalities.
- To build and consolidate strategic alliance with national and internationally reputed agencies of higher education.
- To contribute towards the availability of competent human resources that can cater the challenging needs of domestic and international markets.

(TU Topper)
BBS 2nd Year**

Social Work (BSW)

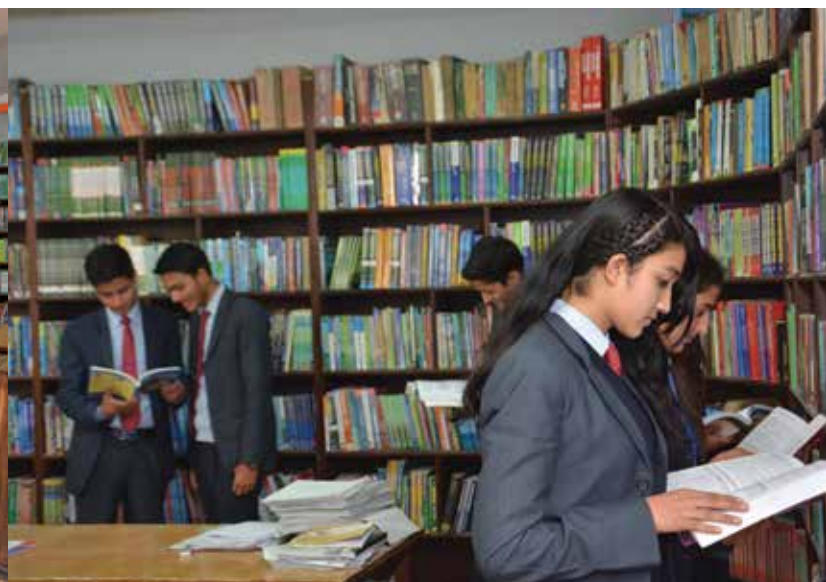

FOCUS ON THE QUALITY EDUCATION THROUGH:

- Inculcating moral values in students.
- Imparting contemporary and globally relevant education.
- Proper blend of modern need-based education with moral values.
- Building confidence and positive attitude in students so that they can take leadership in future.

TEACHING-LEARNING METHODOLOGY:

HIC adopts state-of-the-art student centered teaching learning methodology. We believe that learning cannot be effective unless a student is motivated towards the content of respective subjects. Students are therefore, encouraged to participate in the teaching learning process physically as well as mentally. In addition to class room lectures, we frequently make use of learning methods such as group discussion, case studies, excursions, project works and presentations for broadening the knowledge and skills of students.

EVALUATION PROCEDURES

The academic evaluation system synthesizes a continuous process of assignment. The evaluation system at Herald has been designed to keep students continually informed of their performance in relation to the required standards of academic achievements. Evaluation is done with our unique system which ensures that students are prepared for success in the final exams. Herald conducts the following tests and examinations in each academic year.

- **Class Test:** Students have to sit for a surprise and regular tests of related subjects taught in the respective periods.
- **Terminal Examination:** Two Terminal Examinations are held in each Academic Year, mostly before the Dashain Vacation and Winter Vacation. Time duration of this examination depends on the syllabus covered by the subject teachers.
- **Pre Board Examination:** Pre board examination is held a few weeks before board examinations.

Progress reports of term examinations and pre board are given to the parents/ guardians. However, the students whose academic performance is not found satisfactory and whose discipline record is found to be rather poor, extra classes are conducted.

Welcome Program

ABOUT TEACHING/LEARNING APPROACH

Homework Projects: HIC believes that revision is the key technique to remember the textual concepts. That is why we always assign students as much homework as possible. Homework is checked and returned promptly each week for each subject. This helps the students to keep pace with their studies.

Educational Tours/Field Trips: HIC organizes research and practical oriented tours and field trips for their projects which are part of their syllabus on subjects like Population Studies, Sociology, Hotel Management, Marketing and Mass Communication.

Special Classes for Weak Students: Weak students selected from their send-up examinations are given special coaching classes aiming for the best output in their board exams.

Debates and Presentation: Interested students at HIC participate in public speaking. This is a part of the extra-curricular activities. Students are encouraged to participate in talks and presentations outside the college.

Guest Lectures: In order to make students acquainted with latest works and theories on the subjects, guest lecturers from among reputed

teachers, writers, business persons, bankers are invited.

Use of Audio-Visual: In order to enhance the teaching skills and make learning more effective, HIC constantly takes the help of modern teaching techniques by using power point and videos.

Handouts System: The teachers provide students handouts as supporting materials on their given lessons. But students have to prepare their own notes referring to the class lectures, text books, reference books and the given handouts.

Interaction with Parents and Guardians: HIC really keeps on regular interaction with parents and guardians before and after each terminal examination. The Principal, Academic In-charge, Coordinators, Counselors and the concerned faculty subject teachers discuss the academic performance of the students with parents or guardians. The interaction with parents and guardians is also undertaken when students have serious problem with their studies, discipline and irregularities in their classes.

Classroom

FACILITIES:

A number of scholarships will be provided to the deserving new enrolling students on the basis of their previous results and their performance in HIC entrance.

Furthermore, additional scholarships will be provided on the performance of the students in their Board and terminal exams for all levels.

STUDENT'S TESTIMONIALS

After passing out my school level education, I got many advices, suggestions and recommendations from my seniors, teachers, relatives and friends for joining different academic institutions; and now I think choosing HIC out of many those options was truly my right decision.

HIC with good leadership, dedicated teachers, supportive administration and management team along with better layout and facilities is providing quality education and building capable and competent leaders for nation. It provided me a platform to utilize my knowledge and drive me towards better career achievement.

Nisha Thapaliya

TU Topper BBS 2nd Year

When I remember Herald Int'l College, I find myself full of positive vibration; it was always enjoyable, funny and rewarding, amazing teachers amazing classmates, kind staff everyone was very friendly and motivated to learn. I am very thankful to the teachers and the administration staff for their availability and professionalism.
