Catering 21st Century Skills

Prospectus 2074

Welcome Message from the Principal / CEO

Welcome to Bluebird Secondary School and Bluebird College, both run under the aegis of Bluebird Education Network (BEN), which consists of a team of able managers and expert faculty. Located centrally at Kumaripati, Lalitpur, arguably the educational capital of the country, BEN is one of the leading academic organizations that embrace technology and hand-on learning so that our students can meet the challenges of the unforeseen future. Bluebird believes that education has to do with imparting relevant knowledge, useful skills and appropriate attitudes to the students so that they can lead a meaningful life as global citizens of the 21st century.

Considering the demands of the students and guardians alike, we have also added music, dance, sculpture, painting and travel and tourism from this academic year. We hope that our students will be able to hone their talent practically with the conceptual knowledge, choosing one of these subjects.

Our school community is supportive, nurturing and inclusive so that the students can shape their learning working collaboratively, independently, and creatively. To sum up, once enrolled at Bluebird, the students do not leave it merely with certificates but much more.

Welcome to BEN!

B. S. Chhetri

CEO/ Principal

Located centrally at Kumaripati, Lalitpur, the educational hub of the country, Bluebird Secondary School offer courses on Science, Management and Humanities and Bluebird College runs a 4-year BBS program. Since their inception, both the institutions have been committed to raising the standards of education by imparting analytical and practical knowledge via the current Team Bluebird, which comprises the best minds in this field. These institutions are capable of generating not only career-oriented human resource with high academic excellence and competence to meet the global challenges of the modern world but also producing a new breed of responsible, productive and upright citizens with superior spiritual and moral values in order to face the present political, social, cultural and economic challenges in the nation and the world alike.

Introduction

A background photograph of a classroom. In the foreground, a young woman with dark hair and glasses, wearing a blue and white striped school uniform, is sitting at a desk and writing in a notebook. Behind her, a young man is also visible, looking down at his work. The classroom has a blue wall and a red banner in the background.

Vision:

Bluebird is a learning community that fosters diversity, collaboration and innovation

Mission:

Bluebird caters to the needs of the 21st century learners, who initiate change

Motto:

Meaningful learning matters

Curriculum:

Bluebird Secondary School and College strictly follow the curricula designed and prescribed by the Department of Education, Nepal and Tribhuvan University, respectively.

Dear Prospective Candidates,

Bluebird Secondary School sincerely endeavors to provide educational experience that goes beyond the classroom and has a comprehensive and lifelong impact on the students. Firmly committed to academic excellence and opportunity, Bluebird engages students from diverse backgrounds in a student centric learning environment uniquely suited to producing successful human resource capable of facing the challenges of the 21st century of globalization grounded in ethical leadership and social responsibility. Bluebird, therefore, is looking for students who expect a lot from themselves and want to make a difference in the society.

Bluebird is devoted to enhancing students' access to quality, cost-effective education by offering scholarships and other financial awards to those students who demonstrate financial need, superior academic achievement and other conditions that may impact their ability to seek education at Bluebird. With enhanced refinement in course delivery, adequate physical infrastructure, and strong corporate relationships over the years, Bluebird stands as a distinctly coveted institution in the league of the best secondary schools in Nepal.

Dear students, I would like to welcome you to Bluebird Secondary School, where you will find inspiring people, supportive faculty and staff. It gives me immense pleasure to invite you and your parents to visit our institution and learn more about us.

Mr Yadav Niraula

School Management Committee
Bluebird SS

**Message from
CHAIRPERSON**

Hello, dear Grade 11 education aspirants!

As your reading these words brings you to the threshold of the Bluebird experience, I take the opportunity to welcome you here! Let me bring to your attention the fact that an enviable team of seasoned educators and educationists are at the helms of Bluebird, the institution. Thanks to the vision and input of this team, Bluebird now offers an education relevant in the contemporary world– one that demands a unique blend of globalization and localization from the educated lot. Our commitment to helping students cultivate the four pillars of education (learning to know, learning to do, learning to live together and learning to be) is second to none. Similarly, we are well aware that apart from helping our students pass with superior grades in the board exams, it is our duty to equip them with the 21st century skills, a skill-set that ensures success in the fast-paced and techno-based world of ours. In a nut-shell, we are here to serve the interests of those students who dare to dream big by providing them with great teachers/ mentors, excellent facilities and nurturing environment. Let's come together and make a difference!

Shreejit Shrestha

Board of Directors

Bluebird SS

Message from CHAIRPERSON

Namaskar / Greetings to all the Parents and Guardians

Dear SEE Graduates,

As a vice principal, I feel honored to welcome you at Bluebird Secondary School. Grade XI is your first step from where you shape the rest of your life. We want to help you make sure that it is the right place to fulfill your dream.

The congenial environment in our school ensures that all our students feel cherished and develop their individuality in a comfortable and safe milieu. Similarly, we value the parents/guardians as partners in providing meaningful educational experiences to our students. We also encourage you to become active participants in school programs and classroom activities. We believe that each and every student possesses special quality and we help them to explore this to enhance their career. The combination of the head, the heart and the hands can change the atmosphere. Educating the mind without educating the heart results in a fiasco; that's why we change every student from their heart. Hence, we don't have any Discipline-In-Charge (DI). We want to make everyone emotionally intelligent.

Teaching and learning is at the core of what we do at our school. Bluebird believes in

active learning and individual care. We believe in innovation and progress. Hence, we offer a comprehensive range of subjects and programmes. We have adopted 4 Cs: Creative Thinking, Critical Thinking, Collaboration and Communication at Bluebird. These are our major components and on the basis of them our teachers teach the students to develop these skills. It is through struggle and failure that you learn, grow, and succeed.

Education is not only for the knowledge from the text book, it is for the all-round development. We want to see our students perfect in their desired sector. Bluebird conducts Freshers' Social, Talent Hunt, Inter-House weekend activities, Sports Meet, and students participate in different national and international events to empower themselves. Finally, I would like to thank all our stakeholders for your relentless support for the betterment of our school and I wish to get your similar support to make the year to come more fruitful.

Listen to your heart and persevere through the journey and success awaits you.

Deepak Raj Joshi

Vice Principal

BBS

**Bachelor in
Business Studies**

Dear Plus Two Graduates,

I heartily welcome you all at Bluebird College.

Bluebird College, established with the concerted efforts of successful academicians, runs a 4-year BBS program and is the right place in developing over-all personality and psychological aspects of the students. Beyond studies and classrooms, we provide a platform and encourage our students to participate, to the possible extent, in the intellectual, social, cultural and other various sport activities so that they can be developed as disciplined and responsible citizens, who can have a positive impact in the society.

We are aware that professional culture and management capacity are two core competencies on the strength of which an organization survives and thrives in today's competitive environment. This is all the more important in the management field, where the standards of management capacity and professional culture are expected to be always high.

Keeping these philosophies in mind, we impart knowledge, in addition to career and life skills that give students a competitive edge as they join any walk of life.

Dr. Nabaraj Neupane

Management Committee
Bluebird College

Message from **CHAIRPERSON**

**Dear Parents and Students,
Welcome to Bluebird College!**

First of all, I, on behalf of Bluebird College, assure you quality education with all-round progress of our students through our excellent faculty, able management and apt learning environment. Team Bluebird believes that Nepal has a huge potential and the education of the present day should be viewed with a global perspective so as to put Nepal in the global scenario. To deliver this and develop future managers, entrepreneurs and business leaders and bankers, our team, through interactions with highly distinguished faculties, industry experts and corporate houses, helps develop the right kind of human resource for the nation.

Hence, we expect our students to be open-minded, inquisitive and industrious so that they can take initiative to begin an explorative, research-oriented and application based academic journey.

Come to Bluebird as a learner and leave it as a professional !
