Achieving Excellence Together

Chartered Accountancy is a high skill profession of global demand. It provides exposures and equips you with necessary skills for a successful career in the contemporary corporate society. I wish you all the best in your every future undertaking in the journey of 'CA' professional studies at CCMA- 'The institution that caters your dreams and ensures professional dynamism.'

Kishor Banskota, FCA
Chairman

Respected Guardians, Parents and Students!

I have this honour to welcome all the students from different disciplines of study (Science, Management ...etc) at CCMA to pursue CA professional studies. Founded in 2003, the institution is manned and directed by leading senior Chartered Accountants, professionals and academicians of the nation. With the motto of 'Achieving Excellence Together' we are striving to achieve the best through your every support and cooperation extended so far in the well being of CCMA and expect the same in the days ahead too.

Deepesh K Thapaliya
Managing Director

CA-The Profession

With the rapid growth in economy, careers in finance and accounts have gained tremendous popularity and the most prestigious career option in this field is that of Chartered Accountant. Chartered Accountancy is a dynamic, challenging and rewarding profession that occupies the prominent role of higher-level executives. It imparts the best combination of theoretical knowledge, practical experience with analytical as well as technical skill to look after the entire operations and management of the modern business organizations. CAs are currently being accepted as business leaders who could take up roles beyond auditing and financial management. Despite the emerging charm and scope in CA profession, the number of Chartered Accountants in Nepal is very low to meet the demand of market in the present scenario.

About CCMA

CCMA College is an accredited institution for CA professional studies by the Institute of Chartered Accountants of Nepal (ICAN). Since its foundation, the institution has been providing quality CA education through intensive coaching classes under both ICAN and ICAI in all levels along with required professional services. The institution is thus a well recognized platform of toppers and CA alumni of the society. As of now CCMA has a pride of having more than 300 CAs produced and some of them have been already serving with us as the reputed faculty resources along with their practicing in CA Firms. CCMA strives for instilling the required academic exposures along with the dynamic and ethical professionalism to the students.

ICAN International Recognition

Having signed the agreement with CPA Australia on 10th March, 2016 and The Institute of Chartered Accountants in England & Wales (ICAEW), London on 3rd October 2016, The Institute of Chartered Accountants of Nepal (ICAN) has made landmark international tie-up. These historic agreements have opened opportunities to the aspiring CAs to have an international recognition.

ICAEW delegates Dr. David Brookfield ACA & Mr. Stephen Lamdin, Senior Consultants having formal interactions with CCMA Management team & students during their visit at CCMA on 17th September 2015.

ICAN President signing the agreement with CPA Australia

Eligibility Criteria

Under ICAN

Level	Who Can Join?	Duration
CAP*-I	At least 10+2 passed or result awaiting students in any discipline or non-exempted Graduates.	6 months
CAP*-II	CAP-I passed or Exempted Graduates. Exempted Graduates: a. Commerce graduates having not less than 50% marks. b. Non-commerce Graduates having not less than 60% marks.	9 months
CAP*-III	CAP-II Passed	3 years (with articleship period)
	Total	4 years 3 months

*CAP- CHARTERED ACCOUNTANCY PROFESSIONAL

Articleship

A student is required to undergo about 3 years of practical training known as Articleship. The Chartered Accountancy course, thus, involves a unique blend of compulsory theoretical education and practical training, which runs concurrently for a period of 3 years. Theoretical knowledge is integrated and reinforced with practical training. The practical training of 3 years should be done after the completion of CAP-II under ICAN.

CA. Pramod Lingden

MBS, LLB

CAP III – Dec. 2014 Exam / ICAN
+ 2 Science

I have this great opportunity to be a student of CCMA throughout my CA studies. It has provided me every support and needy resources to help me achieve my dream of being a Chartered Accountant. I feel CCMA is not merely an institution but also a great learning centre to succeed in the competitive market. Without doubt, it is a trustworthy bridge which can lead a student to succeed both in terms of academic as well as overall professional excellence. I am highly indebted to the professional management team, excellent faculties and great learning environment which all became a catalyst to my success in life.

CA Career Prospects /Opportunities

Chartered Accountants occupy the prominent role of higher-level executives in our economy and society. Members of this profession play a dominant role in:

- Audit firms
- Various private commercial organizations
- Government departments and regulatory agencies
- Banks and financial services organizations
- Tax consultants
- Academic institutions
- Set up own CA firm

CA Sujit Raut
2nd Rank All India Merit
PE- I Exam / ICAI
+2 Management

With my passion to pursue career in management profession, I chose management stream in Plus Two level for my strong academic foundation. Upon the successful completion of my higher level studies, I made my best choice to study Chartered Accountancy (CA). It paved my way to be a qualified Chartered Accountant (CA) under the intensive care of CCMA under ICAI. The credit goes to CCMA & its great faculties that has instilled a spirit of success in my life.

CA Remuneration

So far remuneration for CA is concerned, it is a well-paid profession, be it in government service, private firms or own consultancy. The beginners can expect a salary starting around Rs. 40,000 - Rs. 50,000 on monthly basis. The figures rise up to lakhs and more with the increasing work experience and professional competence. Salary is no bar for those who are in highest positions.

One can also earn a handsome amount as a practitioner independently in the own CA firm. Since the financial and industrial sectors are ever expanding with boom, so CAs are unlikely to be out of work. And this trend is not expected to end rather their job prospects and importance would be increasing with changing pace of time.

CA. Prabha Acharya
Nepal Topper - CAP- III
Dec. 2013 Exam / ICAN
+ 2 Science

I joined CCMA by looking at its peerless track record and success history it has created. It materialized my dream of becoming a qualified CA with its excellent faculties and quality environment. I am confident that CCMA is the right platform for every aspiring hearts who dream to be CA in future and achieve excellence.
