# CARIBBEAN....

## A VOYAGE THROUGH THE SEA OF KNOWLEDGE AND WISDOM

Students, their experience and their future is what matters to us most at Caribbean which is why, we offer a friendly and supportive environment for the students. We would like to take all students for the Caribbean Cruise on a voyage through the sea of knowledge and wisdom facing challenges as we make the journey to our mission in life as fruitful and adventurous as possible.

Caribbean College is a digital age college, where the best innovative, practical and visionary teaching and learning come together within a beautiful setting that caters to achieve these goals. We have strived through tough tides to become an exemplary college – successful, progressive, disciplinary and dynamic yet friendly, liberal and approachable; a dream college for today's young generation.

Caribbean offers vibrant and stimulating environment for academics and an equally dynamic environment outside the classroom to have an all round development of the mind and body of a student. In the same way, it offers innovation and excellence in the Secondary (10+2) Level educational programs across a broad range of disciplines. At Caribbean, students from different parts

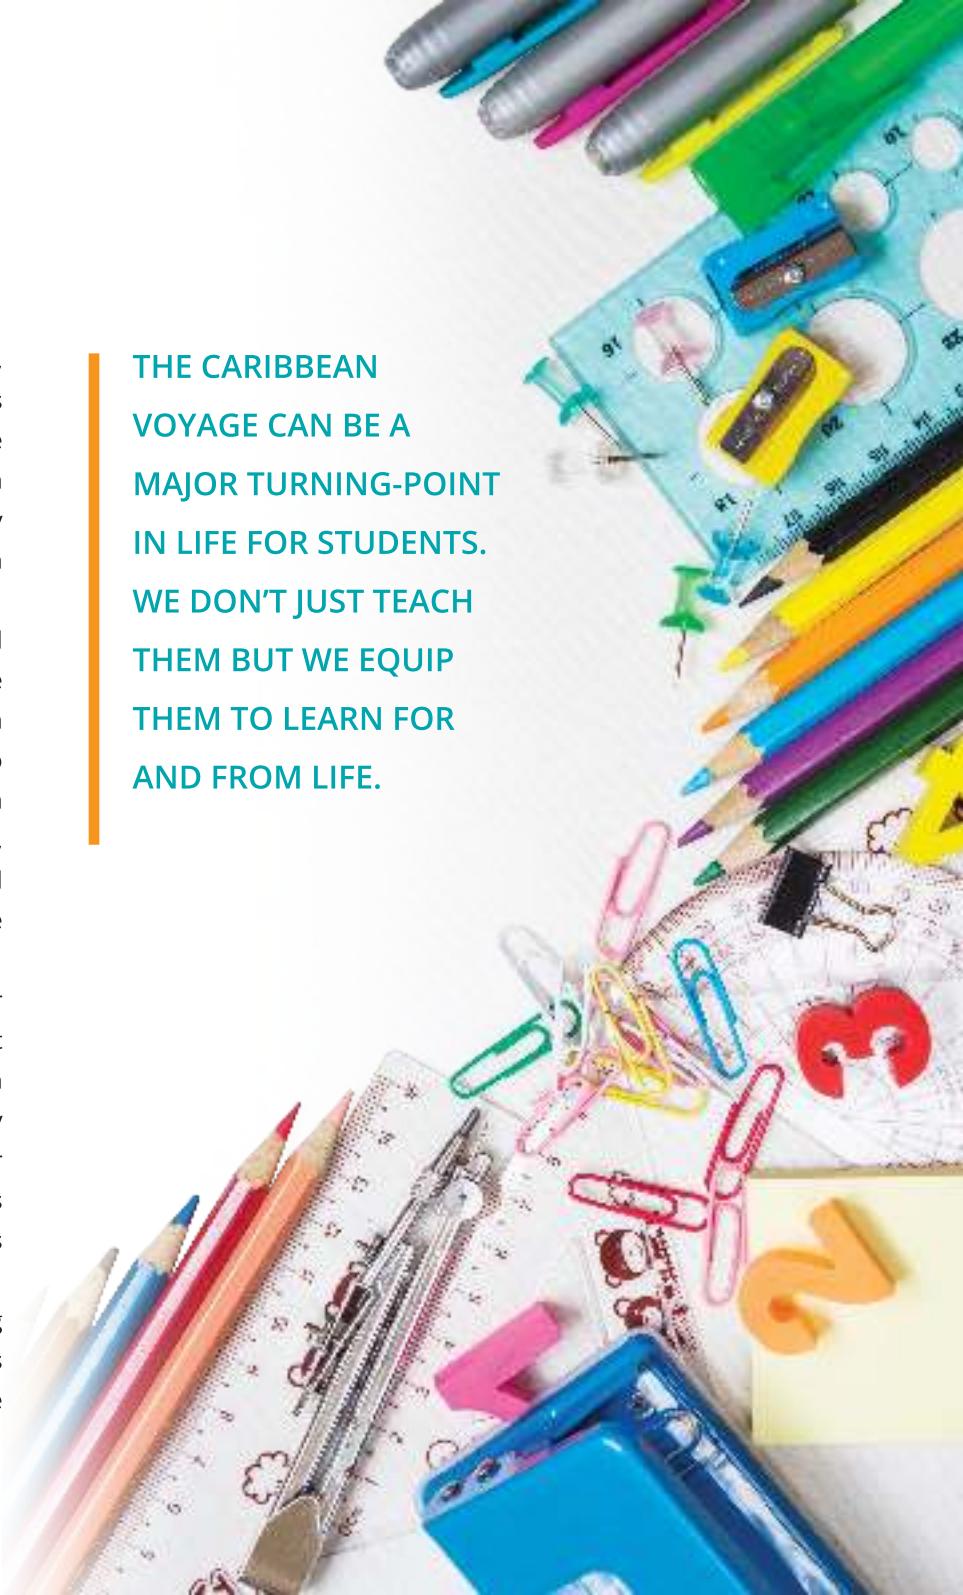

of Nepal meet representing multicultural, multilingual and ethnical background. It is interesting to see students from diverse background come to a common platform of achievement and success. We strongly believe in "Unity in Diversity" which has been a success story since our inception.

The creative ideas of our highly qualified and experienced faculties besides the groundbreaking results in academia navigating us to our destinations. We aim to contribute to the nation and the world as a whole by instilling intelligence, hardwork, patience, tolerance, sense of ethics, and most importantly self belief and confidence within our students.

The Caribbean Voyage can be a major turning-point in life for students. We don't just teach them but we equip them to learn for and from life. We believe that every individual is special and we try to cater to the individual needs of the students and believe that every individual has a contribution to make in this voyage.

We have always succeeded in making our voyages as fun and fulfilling as possible. So, don't miss the boat and be a part of Caribbean Voyage now.

THE CARIBBEAN  
VOYAGE CAN BE A  
MAJOR TURNING-POINT  
IN LIFE FOR STUDENTS.  
WE DON'T JUST TEACH  
THEM BUT WE EQUIP  
THEM TO LEARN FOR  
AND FROM LIFE.

# CHAIRPERSON'S WELCOME NOTE

A big congratulation for your success story of SEE examinations. And a warm welcome to the new batch of students for Grade XI - at Caribbean. We are always at your disposal to help you shape a better future. We can make a claim that we have the practical experience of grooming up better future citizens out of the sea of fresh and deserving students like you.

We believe, we can make you our mission to the story of success with our academic innovation and with the exploration of your ability in all the ways possible. Every year so many students from all over the country come and become a part of Caribbean. It forms a multicultural as well as multilingual society here.

Caribbean Secondary School is now heading toward systemic transformation to better management, administration and academics. The team of innovators at Caribbean have always been successful at motivating students at work to set up and to meet the target through academic and career counseling excellence.

We have always been successful at making our students explore their hidden potentials through our professional faculties and their expertise. Thus, the students have tended to become better achievers when in Caribbean.

We do value students' academic achievement. We emphasize more on student's self development and adhere to our values. You can pursue your learning in a pleasing environment at our college/school as our focus is to develop a student into a global learner.

I once again welcome you at our college/school to get your bright future ensured.

**Er. Degendra K. Shrestha**

Chairperson

## PRINCIPAL'S MESSAGE

Education has become one of the most important things in life. After the three basic needs, the fourth need that has to be fulfilled for a human being to survive, in my opinion, is education. At Caribbean, we believe that this basic need to be well educated should be accessible to everyone. We see geniuses in everyone who come to us. Our commitment is to provide a safe and intellectually challenging environment that will empower students to become innovative thinkers, creative problem solvers and inspired learners prepared to thrive in the twenty-first century. We have been offering courses in Science, Management and Humanities with high emphasis on practical application skills and imparting education which is relevant in real life.

Life is full of challenges. Caribbean has sailed through rough seas and high tides to reach where it is today. These past years haven't been an easy journey. However, what we are today is all due to the everlasting effort and team work of all the stakeholders of the entire fleet. It was a difficult journey, but it was worth. We cherish all of our moments of achievements. The journey ahead is still not a smooth sail but we believe in this philosophy that "a smooth sail never made the best sailors". We encourage our students to proceed towards this philosophy. We reached out... we reached high... and we reached beyond. You have the potential

to shape your future and the ability to own your future. We strongly believe that you can **IMAGINE. BELIEVE. ACHIEVE.** We are now all geared up in exploring yet another milestone in this voyage.

**We seek to prepare our young pupils with the best preparation for life after Caribbean College. Our objective is to provide Education with Experience, Conscience with Intuition, Knowledge with Wisdom, Learning with Fun and a Game with a Plan... to succeed.**

Whatever you do, always aim high and go off the limits. Whatever it is, if you can dream it, you can also do it. In the words of Steve Jobs, "The people who are crazy enough to think, they can change the world, are the ones who do." A bird sitting on a tree is never afraid of the branch breaking, because its trust isn't on the branch but on its own wings. So dream big, believe in yourself and make it happen.

I assure that these two years in Caribbean will mould you for a better tomorrow. I am looking forward to welcoming another extraordinary group of individual that will further enrich the Caribbean fraternity.

**Mr. Chandrayan P. Shrestha**  
Principal/Director

## VICE PRINCIPAL'S MESSAGE

I feel privileged to welcome the fresh SEE Graduates at Caribbean- where they can get the platform to exhibit their talents amongst the ocean of outstanding fresher students awaiting to further brush up their abilities through the atmosphere of fair competition. Especially, those students who are in the quest of better future and career in 10+2 education can of course make Caribbean Secondary School their milestone. We are committed to academic excellence through the synthesis of effective administration and expert faculties. Employing this mechanism I believe success can't be far away from us which is the secret of our success at Caribbean. Now, Caribbean is heading toward blending and branding its name in the world of academia to make it the centre of excellence. We are unconditionally exploiting all resources and methodologies to make teaching an effective artifact. All modern accessories are installed in our laboratories, library and in the auditorium hall which are easily accessible in the hands of our students.

The very distinguished identity of Caribbean College was not achieved overnight but through the hard work of a college community who cares deeply about meeting the needs of our diverse student population and providing them with rigorous, standard-based instruction and a comprehensive educational program with an

all round development. We believe that our community of learners is made up of outstanding students, a team of experienced faculties and dedicated staff who are professionals and finally active and involved parents. Equipped with the skills, motivation, curiosity and resilience to succeed in their area of choice we believe that our students will take a career in order to lead and participate in the society of tomorrow.

Caribbean College has not emerged out of ordinary situation. Over a decade's history of innovation, dedication, devotion, determination, social contribution, involvement of experts, updating of the modern tendencies, trust of parents and above all love of our students are the pillars of our success.

Finally, I welcome you and assure you of better future at Caribbean.

**Mr. Bishnu Bdr. Khadka**  
Campus Chief (College Wing)  
Executive Vice Principal (Sec. School Wing)

# OUR VISION

LET'S THINK DIFFERENT, OR THINK THE SAME THING IN DIFFERENT WAYS.

We believe that no one can be turned into expert overnight. Learning is a life-long process which takes patience and strong determination to find the alchemy of knowledge.

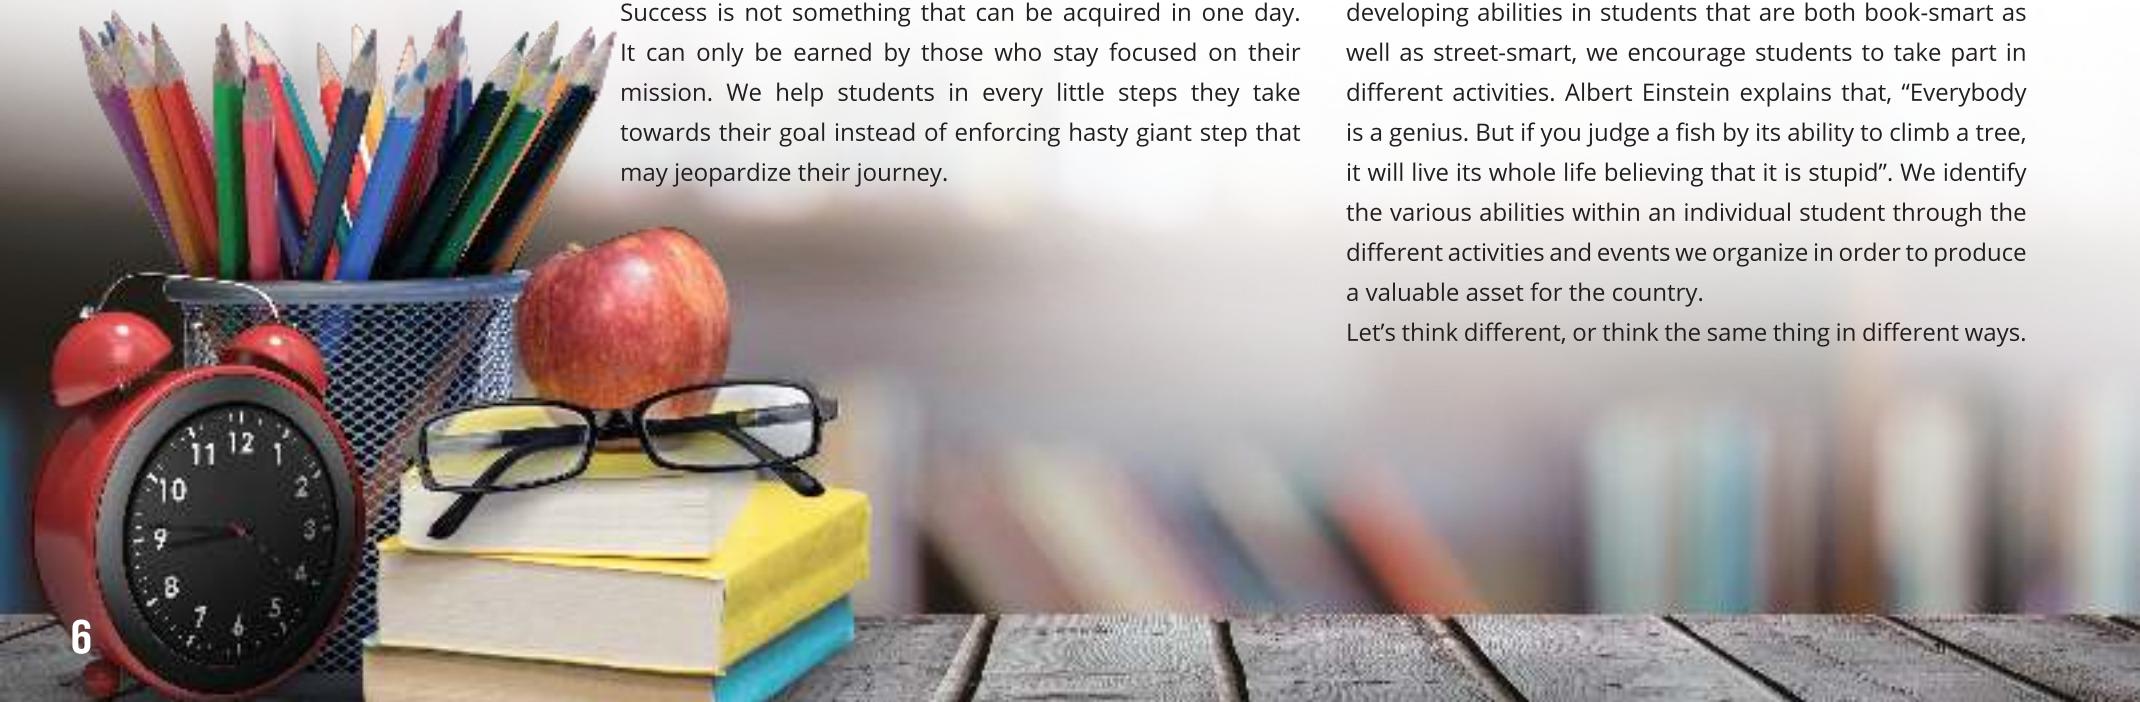

**AS PETER A. COHEN ASSERTS, "THERE IS NO ONE GIANT STEP THAT DOES IT, IT IS A LOT OF LITTLE STEPS."**

Success is not something that can be acquired in one day. It can only be earned by those who stay focused on their mission. We help students in every little steps they take towards their goal instead of enforcing hasty giant step that may jeopardize their journey.

We emphasize in an equal balance in education with experience and in conscience with intuition to transform your skills into wisdom.

In our academic career, we take it for granted that every individual student has his/her own specialty. With the goal of developing abilities in students that are both book-smart as well as street-smart, we encourage students to take part in different activities. Albert Einstein explains that, "Everybody is a genius. But if you judge a fish by its ability to climb a tree, it will live its whole life believing that it is stupid". We identify the various abilities within an individual student through the different activities and events we organize in order to produce a valuable asset for the country.

Let's think different, or think the same thing in different ways.

# CONFessions OF CARIBBEANIANS

Caribbean College helped us to bring out our best in us. The teaching faculty is so competent and experienced for lectures and all students attend them well. The classrooms are well equipped and the practical based education helped us to broaden our knowledge in particular subject. We have found the Caribbean family members very supportive and professional.

The student friendly and multicultural environment of Caribbean college enriched our experience to assimilate with the diversity. Caribbean provided us the basis to stand on our own feet with the well-managed class sessions boosted up our confidence and groomed up as tactful personnel.

## THE EXPERIENCE OF CARIBBEANIANS

The tutorials and lectures of professionals, experienced creative lecturers enriched our experience and provided us a new perspective in our learning environment. We are proud to be associated with such distinguished academic institution that prepared us to overcome all the obstacles of life, tactfully.

**CARIBBEAN  
SEC. SCHOOL**

WHERE THE ACADEMIC EXCELLENCE SAILS

# WHY CARIBBEAN ?

- Caribbean college is concentrated on supporting students create their individual goals and work hard to achieve them.
- Students in Caribbean college belong to diverse culture and ethnicities holding a gender equilibrium.
- We have a team of highly qualified and experienced teaching faculties which is evident through the record breaking results in the NEB Examination.
- Classes are offered at all levels of proficiency -from absolute beginner level to highly advanced level -covering various extracurricular activities within and outside of the college premises.
- The college also provides various non-credit courses such as sports activities, other co-curricular activities, guest lectures, field trips, tours, social service, skill enhancement classes, TOEFL/IELTS and many more. in order to develop their management skills, to learn to take leadership responsibilities and to study and work in different environments.
- 100% face-to-face interactive teaching. We discourage 'supervised activities' or 'self-study' within the scheduled class time.
- We insist on regular testing in all areas to assist students and teachers to observe their progress.
- Located 5 minutes away from Jawalakhel Chowk, good infrastructure with standard classrooms and labs in own premise of 5 ropanis which is used by Grade XI & XII.
- Transportation facility in all parts of Kathmandu Valley.
- Students are given a wide range of options and facilities in all the three streams of Science, Management and Humanities for 10+2 Level education under NEB (Nepal).
- Students are offered on-campus living accommodations in two separate wings for boys and girls who live out of valley at a reasonably priced cost.

# COURSE OF STUDY

The college runs classes from grade XI to grade XII and prepares students for the National Examination Board (NEB).

## MEDIUM OF INSTRUCTION

The medium of instruction is English.

## CRITERIA FOR PROMOTION

Promotion to grade XII is granted at the end of the annual examination in accordance with the promotion rules decided by the College examination committee. Normally, a student requires to secure at least 40% of marks in all the subjects.

## PROGRAMME OFFERED AT CARIBBEAN EDUCATION FOUNDATION

PROGRAMME	LEVEL	AGE GROUP	BOARD/UNIVERSITY	LOCATION
Pre-School	Toddlers to Prep II	2 – 5 years old	DEO	Mahalaxmistan
High School	Grade I to X	6 – 16 years old	DEO	Mahalaxmistan
Secondary School	Grade XI – XII	16 – 18 years old	NEB	Man Bhawan
College of Management	BCA/BBS/MBS	18 years and above	Tribhuwan University	Man Bhawan

## SCREENING TEST

Besides the regular weekly tests and first terminal examination, a screening test (2nd Term Exam) is held during the session before filling up the NEB's form. Only those students who are capable of securing the qualified marks in the screening test are allowed to fill up the NEB's form. Pre-board exam is held before the Board exam at the end of the session.

## FUTURE PROGRAMS

BBA | MBA | B.Sc.- IT  
BIT | BIM | BA | BE | B.Sc. (Nur)

# STUDENT FACILITIES

## Laboratories

Physics | Chemistry | Biology | Computer |  
Hotel Mgmt | Fine Art

## Library

## Transportation

## Hostel

(In two separate locations for Boys and Girls)

## Co-Curricular Activities

## Sports

## Cafeteria

## Excursions and Field trips

# CO-CURRICULAR ACTIVITIES

Apart from classroom teaching- learning process, the college gives equal importance to co-curricular activities for the students' multidimensional personality development, which includes games and sports, quiz contests, public speaking contests, social programs, industrial visits, tours, biological excursions, outings and so on.

College ties up with Jawalakhel Youth club for special football training.

# SCHOLARSHIP

Full Scholarship in tuition fee will be provided to the meticulous students securing top position in terminal exams in each stream. This is to be renewed by every terminal exam. Same scholarship will be provided in class XII to the students securing top position in pre-board examination of class XI up to first terminal exam of grade XII.

## For Management and Humanities

# CARIBBEAN TEACHERS

## FUTURE PLAN

The college has a master plan for introducing different academic programs. We are planning to establish tie-ups with Foreign Universities so that our students can be sent directly to them with reservation of some scholarships.

The quality of the teacher is very important. Mostly, teachers at Caribbean have a rich experience of around 10 to 15 years in the NEB curriculum. Caribbean teachers are committed in providing quality instruction and are dedicated to make sure each student reaches his/her true potential. Students feedback is taken very seriously and high teaching standards are maintained.

## TEACHING METHODOLOGY

Industrial Visits, Exposure of Corporate Culture, Extra classes for weak students, Home Assignment, Audio-Visuals, Project Work.

# ADMISSION PROCEDURES

## ADMISSION REQUIREMENTS FOR GRADE XI

1. Certificate of SEE from SEE Board, Nepal
2. Or, equivalent examination passed

## CRITERIA

1. Required GPA of SEE Exam as guided by NEB
2. Caribbean Entrance Test
3. Interview (With Parents/Guardians as well)

The College reserves full right to accept or reject any application for admission without prior notice

## Subject Combination for the Entrance Test

Students will have to sit for the entrance test for the following subjects applicable.

### Management and Humanities

English | Mathematics | General Knowledge

### Science

English | Mathematics | Physics/Biology/Chemistry

## GET SOCIALIZED ACADEMICALLY

### ORIENTATION

A little knowledge goes a long way. More knowledge certainly goes longer. It's always wise to participate in the Orientation Program as you will come to know where you are heading toward.

Attending the Caribbean Orientation program is a must if you want to get the best possible jump start to your academic and social life at college. Each year, we plan a series of information sessions and fun activities specially designed to assist you to familiarize yourself with life at Caribbean. The program includes: information and assistance with finding suitable accommodation enrolling in your program and meeting academic and support staff; cultural adjustment accessing academic and personal support services.

### ACADEMIC PERSONAL COUNSELING

Counseling staff are committed to offer confidential services for a variety of personal and academic concerns. The counseling services are available without charge to all students as well as to their parents.

### PROFESSIONAL DEVELOPMENT

Caribbean is committed to the professional development of our teaching team. We regularly hold in-house professional development sessions. In addition, we regularly invite leading educators in the field to teach the teachers new and innovative teaching methodologies.

# MODE OF PAYMENT

1. Every student, after getting enrolled to this college has to pay his/her fees applicable according to the Caribbean Fees Policy which will be provided separately at the time of admission.
2. Students must clear the dues, if any, before every terminal exam starts up to that period.
3. Students must clear whole year's fees (i.e. for 12 months) and dues if any before the screening test starts at the end of the academic session.
4. All the above rules (1,2,3) are equally applicable to the students staying in the Caribbean Hostel (except for food).
5. Failing to pay the fees/dues within the due time will cause the students to face two losses.
  - Students will be ineligible for the internal exams or for board exams as applicable.
  - Students will be fined a nominal amount until the total fees/dues are cleared.
6. Students willing to pay the whole year's fee in advance will be entitled to a 10% discount on the total fee.

*Note: The amount of fees collected by means of fine will be utilized for the students' benefit through Students' Welfare Fund".*

# WITHDRAWALS

Parents/Guardians/ or even students wishing to withdraw their ward or discontinue the college during any term will have to pay the fees for the whole year and no amount will be returned to them. Further, in case of expulsion of a student from the college for breaching the code of conduct also, the parents/ guardians/ students will have to pay the fees for up to that period and no amount will be returned to them.

No transfer certificate will be issued until and unless all the dues are paid in full.

*Note : Shuttle Service Holders have to pay total of Rs. 15,000/- for a year @ Rs. 1,500/- per month starting from the beginning month of academic session.*

Hostel students have to pay their hostel fees on monthly basis excluding the tuition fees at the beginning of every month latest by 15th.
