Hari Prasad Kafle
Managing Director

Welcome to Everest

On behalf of Everest Innovative College (EIC), Everest Innovative School (EIS) and Everest Secondary School (ESS), I welcome all of you to this privileged academic institution. Since 1998, Everest has established itself as one of the leading institutes in Nepal. Everest, a career oriented college with 100% results is rated as one of the top most colleges above the line in the field of education in the nation. Our highest standards on teaching and research and individual care of the students for academic, entrepreneurial, leadership and other capabilities through practical approach make us sustainable to feel "Life is happiness and success is self-made."

Everest Innovative College (EIC) is a herald in the field of education in the South-West of Kathmandu Valley providing quality education of international level to produce globally competent citizens in Science, Management and Humanities. The world is rapidly changing day by day and the traditional education cannot meet the challenges of the twenty first century, Everest fulfills the same gap with practical approach in education utilizing the recently developed teaching methodologies.

Dipak Kumar Jha
Principal

About Us

Everest Secondary School (ESS), affiliated to Ministry of Education and Sports Nepal, was established by a group of enthusiastic academicians in 1998 at Baneshwor and is now shifted to Solteemode, Kalimati, Kathmandu, a peaceful area for academic environment. Everest Innovative College (EIC) is affiliated to Tribhuvan University. Both the school and college belong to Everest Innovative Education Network Pvt. Ltd. The ESS is committed to ensure quality education, career development, discipline and student centered learning methods. The college welcomes intelligent and laborious students from different corners of the country.

Mission

Our mission is to establish Everest as the best educational institute to provide the best quality education from the school to the university level through 6 d's i.e. destination, dedication, discipline, discovery, dynamism and development.

Vision

The vision of Everest is to impart quality education of international level and develop individual's innate capacity and full potentials.

We express our sincere commitment to brighten the future of the students who get enrolled at Everest Innovative College (EIC) assuring truly quality education according to the choice of the students. We believe in the key factor that we use at Everest Innovative College to explore and utilize their full potential. Only motivated people can work effectively in the world. We do motivate the students and teachers not only for teaching learning purpose but also for professional career development. Multidimensional development of the students is our prime purpose.

Ram Prasad Poudel
Administrative Director

Gopal Prasad Dulal
Academic Director
(Management)

In the age of globalization and liberalization, we need students capable of overcoming the challenges of the rapidly changing world. Recognizing the vital role of research, innovation and continuous improvement, we focus on teaching- learning process that is research based, explorative and result oriented to produce the students capable of handling the corporate, business and entrepreneur sectors. We welcome all sincere and dedicated scholars to join us and see what it means to be Everestians.

Everest Innovative College (EIC) is not a local phenomenon but a global one at present. We enable the students to be competitive at home and abroad imparting them life-skill based education. Exploring the infinite capacity of human brain to illuminate life and the world is the main thrust of education for every individual. Join Everest and see how we open the doors of opportunities for your future in any part of the world you like. Don't miss the chance to get global education in a homely, caring and inspiring environment at Everest.

Kishor Kafle
Academic Director
(Bachelor Program)

Message

Everest Innovative School and College aims at providing quality and unique higher education to the aspiring students. In this ever changing world of globalization, we provide the students with practical, scientific and innovative education to prepare them for the competitive future. Combining advanced information and communication technology with newly developed teaching methodologies, Everest aims to assure research based education involving the students in field visits, project works, group works and class presentations.

Debendra Acharya
In-charge (Science)

The Center for Motivation and Inspiration

We believe in infinite potential of human brain and want to cultivate it at Everest Innovative School (EIS) ESS and EIC inspiring the students and teachers. We have the provision of motivational counseling. Inspiration is the best key to enhance people's development and success. A great teacher inspires his/her students. Inspired students can learn faster and attain great achievements.

WHY EVEREST Innovative College (EIC) and ESS/EIS ?

- 📖 Earthquake withstanding buildings
