# Message from the Academic Advisor

In recent years, legal education has become most attractive to both the students and parents. Thus, all the law campuses/colleges (12 campuses) of different universities in Nepal have top competition to get enrolment. The Nepal Open University has also been offering LL.B programme from last year. There are few reasons to have huge pressure in legal education, these include:

- To acquire knowledge of law
- To be recognized as legally aware and a civilized citizen in the society
- To involve in legal profession (judge, lawyer, law professor, legal researcher, diplomat, etc.)
- To be qualified for promoting as chief of quasi judicial body/ office
- To be a successful politician and administrator

I, therefore would like to suggest to SEE graduate students to study law for making wide range brighter future carrier. Kathmandu Model Higher Secondary School (KMHSS) is one of the top ranked academic institution in Nepal which is successful to implement its motto “academic excellence through quality education”. It is committed to maintain its top ranking position in legal education too. I would like to suggest to join KMHSS for quality legal education. I feel proud to be an academic advisor of KMHSS.

## Message from the Academic Coordinator

We at KMC, with the best of our capabilities impart education not only leading the children towards their future careers, but also instill in the young minds the cultural ethos and motivation for hard work. Along with academic lectures, research and presentations, numerous ECA and CCA activities are the massive steps KMC takes to prepare resourceful, responsible and skillful generations despite any future endeavors they choose for themselves.

We, at KMSS allow our students to organize and conduct spectacular programs such as the Annual School Fest where they can expand their managerial skills to a greater extent. Furthermore, we also conduct creative and constructive competitions to explore the hidden potentials in various fields like literature and music and so on. In addition, several career counseling sessions are also organized by the school. Personally, I feel extremely proud to be a member of this institution for the last 12 years gaining knowledge and making memories through teaching-learning activities. The children of today are the foundations for tomorrow, so I will always try my level best to work for the welfare of the students and to take the institution achieve new heights of success.

## Message from the Academic Coordinator

Legal education in Nepal is at a pivotal moment right now. As the nation has embarked on the Federal system of governance, the role of the legal professionals has increased significantly. From local level judicial committees to the federal bureaucracy, the demand for the qualified personals has been increasing day by day. Similarly, as our society has become increasingly complex and regulated, the study of law provides an extraordinary range of knowledge and skills that are highly valued, not only in the rapidly evolving legal profession, but also in the other areas like corporate, governmental, nonprofit, and technological sectors.

KMSS is evolving and innovating to address the needs and changes brought on by the shifting landscape. We are focused tightly on increasing the value and skills that the college provides to our students. The knowledge and skills you gain over the next couple of years will form the foundation of your legal career. By joining us as a student of law, you can ensure that the foundation you build at KMSS will support your professional goals.

We take a holistic approach to legal education that combines academic rigor with practical experience that will give you the skills needed for successful legal career. Our commitment is to provide the students with an excellent legal education. Starting on your first day, you will meet with your mentors, experienced attorneys, and academicians to help your transition to be a law student. I invite you to learn more about what we offer, and please don't hesitate to reach out to us directly on telephone or schedule a visit to our beautiful school.

I welcome you to be a part of KMSS +2.

**KMC – The platform that elevated and transfigured a life, neutral between the forces of rationalism and irrationalism, to a life, awoken with the sight of rational and visionary world.**

During these days, if I try to mirror myself in my conscience I could precisely mark the changes I had gone through in these two years of journey with KMC. KMC had turned to be a “Beacon of Hope” for me that holds the promise of hope, hope – that I could now achieve all the dreams I dreamt for “I am not the one, I was before”, KMC’s educative environment engulfed with intellectual mentors and its opportunity showering facility had aggrandized my skills and had transformed me into a bonafide student. So, if I could only turn back the irreversible time. It would be inevitable for me to stop myself from getting plunged in the gallery of memories I had with KMC. I pray the almighty to pave the path of my success with the same canopy that KMC sheltered me under, for this two years.

**Deepak Chhetry**  
Grade XII

The journey of my cricket started while I was studying in grade X and I was just sixteen. I had a great interest and enthusiasm in sports. I adore every sport but cricket is the most desired game for me. My father and mother cherished my interest in cricket and I was admitted in cricket academy. Since then I have been playing cricket academically. I have played several local tournaments and school level tournaments. Apart from this, I have been to India and I have got the opportunity to learn cricket under the national 0-16 coach Mr. Sudeep Sharma and ice level -2 Indian coaches Mr. Nishan Jaini.

After SEE I was in search of the best college where I could nurture my interest in cricket and seek academic excellence. I was fascinated by the name and fame of KMSS and chose to be a KMSSian. I found a very caring and homely environment. I can positively say KMSS has helped me follow my dream. I got every moment at KMSS full of learning opportunities that were full of fun and frolic and sometimes with academic grind that one has to go through. Being at KMSS, it was really a great experience to cherish that most young minds won't get to in their entire lives.

XII MANAGEMENT

After graduating SEE, I found it a daunting task to find the best school for my +2 study. Choosing the right stream and right +2 school really added me. My kith and kin and my nearest friends suggested me some +2 colleges which I had not even heard of. I didn't think of visiting any school as I knew they make very tall claims. I was not enticed by any gimmick ads and grand buildings. I searched and investigated for those schools which have well-proven track record in NEB results and found KMSS which had invincible result in NEB exam. As I joined, I found a very caring and homely environment here. I found the faculty members highly experienced, exceptionally supportive and approachable. It was great to study at KMSS.

I recommend SEE graduates to join KMSS without any hesitation. You will get everything at KMSS that you are looking for.

**+2 SCIENCE MANAGEMENT HUMANITIES LAW**

KMC also has its Plus two unit at Balkumari Lalitpur. It was owned by KMC in the year 2013. With the proactive presence and support of KMC and its qualified, dedicated management team and faculties it also aims at achieving excellence in the academic arena. It is integrated part of KMC, and thus the same academic calendar is put into practice.

It feels proud of its own buildings having unique design of its main premises that has remained as a symbol of our commitment to the innovation in the field of education. The squat box-like building and the signature blue framework are elements of pure architectural bliss, making you forget the eyesore right outside the walls. Apart from its aesthetic pleasure the building is designed as High Earthquake-Resistant. Our Classrooms and labs are wide and spacious, equipped with sufficient modern teaching-learning aids.

# KMC Educational Network

Kathmandu Model College (KMC), established in 2000, has its own educational network which consists of the Secondary School and Bachelor Level Programs such as +2, BBA, BSW, BBS, BHM and BA. The network also runs many other academic programs such as MA (English), MBS and KMC School that runs classes from playgroup to class X. Since May 2007, Himalaya College of Engineering, affiliated to TU, has come under the umbrella of KMC network, and New Summit College has also come under its network. In a few years of time, KMC has become a top ranking college in the nation. Besides KMSS Bagbazar, there are 9 different academic institutions.
