## Message from Chairman

Dear Prospective Parents,

Thank you for considering Manasalu Public Secondary School for your child's future education. We are dedicated and committed to enabling each child to achieve their full potential providing the ideal platform for the challenges in life that lie ahead.

We offer a supportive and nurturing environment that will enable all children to further their academic excellence and become resilient, confident young citizen.

We are a nonselective school which means every child is encouraged to be the best they can and we aim to maximize the potential of each individual.

Above all we strive to instill in our children a love of learning that will stay with them for life and mold the children of our future.

We believe in offering creative hands on learning experiences to encourage self-expression and complete understanding of the subjects going beyond the textbooks perimeter.

We welcome parents and guardians active involvement in the school, monitoring your child's progress and development. Not everyone is a naturally high academic achiever but hand in hand we will seek out the inner talents in each child providing additional assistance and encouragement where needed.

Finally we welcome you to visit our school and talk to our staff and pupils and you will see why Manasalu Public Secondary School is the ideal educational choice for your child.

Best Wishes,

**Hari Prasad Bhatta**  
Founder Chairman

## Message from Managing Director

Every child is like a seed which has the potential to grow if it is nourished with love and care under the right guidance. In the current challenging times it is essential that children should not only excel in academics but should also develop courtesy, discipline, smart personality, social sensitivity and be familiarized themselves with the traditional values and culture of our country. Childhood is the best time to lay the foundation of the overall development of the future citizen of tomorrow.

Manasalu Public Secondary School is a friendly school where each and every student is understood, valued and attended too. Our students are provided with the state of art facilities like well-equipped science laboratory, computer laboratory and audio visual room. Equal attention is to be given development of children both academically and in extracurricular and co-curricular activities, different club activities, regular outings, educational excursion, inter school and intra school competition etc.

Year by year the efforts of all our staffs and children have taken the school forward in terms of excellence. The school has progressed in leaps and bounds. Today we are stand as one of the noted educational landmarks in the heart of capital city of Nepal, Kathmandu. We offer our students a stress free and activities based learning environment which encourages creativity and critical thinking.

At Manasalu Public Secondary School we are dedicated to exhaustive quality learning and utterly committed to a continuous process of improvement for the benefit of the students. We are always open to refreshing views and suggestions which can add more value to the students of our school.

With Best Regards

## Message from Principal

It is my great pleasure to deliver the message of Manasalu Public High School to the guardians, well-wishers, teachers and students through this website.

You know, a good creation is just like a pleasing personality. Creation assigns an asset of student life. So the school always pursues its goal of academic excellence. Our focus has always been to provide quality education to the students. We are proud of the achievement of our S.L.C/S.E.E graduates. Not only academic sector but also our students have done well in the various extracurricular activities in which they have participated.

The many achievements in the school community are made possible because of the work carried out by so many people in providing services and facilities. Each person who does his/her job well makes a significant contribution to the smooth running of the school and to the provision of stable and secure environment for our students. We are very much grateful to our dedicated staff.

So, respected guardians let us remember that the life of the man is just like a candle, it can end with a tiny flicker. Whatever the length of time is allotted to us, let us aim to shine brightly and send light into darkness. We should aim not just for power or wealth but rather take every opportunity to shed light into the lives of others. We know education is a fundamental in the endeavor to uplift a country and its people. Therefore, we want to assure all the guardians and well-wishers that Manasalu is moving strictly towards its vision to materialize the slogan of quality education.

At last I would like to express my deep appreciation to the teaching and non-teaching staff, students, guardians, shareholders and well-wishers who have joined hands in hand to run the school smoothly. I look forward to receiving such co-operation in the days to come.

Wishing all the best!

## Message from Director

Welcome to Manasalu! Manasalu stands for quality and excellence in education. Since the establishment of this institution in 2002, it has always focused on quality and excellence in education with all round mental, physical and moral growth of students. We believe that our student even after the completion of their study will continue to be responsible, disciplined and capable to face all the challenges in life. This academic institution will never compromise in its standards, responsibility and commitment to promoting excellence in education.

I feel proud that we have the trust and support of the parents, guardians and students' enrollment at school. We have stood by our promise to give our students quality and excellence in education. Moreover, class XI and XII will be one of the reputed institutions for providing better education to achieve the goals in various technological fields.

The curriculum emphasizes the acquisition of knowledge, understanding, critical thinking and problem solving abilities for all students attending our school. We believe that every learner is unique and special and that they all have the ability to learn. We believe it in our responsibility as educators to nurture and develop every learner to prepare them for life.

Learners are continuously encouraged to appreciate our diverse community and to care for others by becoming global citizen and develop a concern and active respect for the environment.

We strongly believe in the importance of faculty members, parents and administrators collaborating and communicating openly and frequently. We continually improve the quality of tools of communication.

We look forward to serving you and your children over the coming years. Interested parents are encouraged to contact our school and to ask any queries they may have regarding our school and programmes we offer.

We look forward to meeting you.

## Students' Voice

I joined a big Manasalu Family and became its small part since grade One. I spent 10 most valuable and precious years of my life here at Manasalu. I found these 10 years journey too short and never felt disappointed on the way. It was my golden opportunity to be a member of Manasalu. I got a new world here. The teachers I met here always supported and encouraged me to do something new every day. The friends I met here always helped me in my need and brought smile in my face every day. I was an innocent child when I entered Manasalu and it is Manasalu who taught me about the world and made me know who I am. So, I am very grateful to Manasalu School and the teachers. Thank you, Manasalu for making me your one of the passengers in your journey and teaching me the valuable essence of life. I am sure that not only me but the whole students out here are respectful at you and yours contributions upon them. I hope Manasalu will do its job continuously and produce new man power which is essentials to the country. I am missing those wonderful days at Manasalu. Best of luck for your future.

### **'Everyone is ignorant only in different subjects'**

Being one of the students of this institute, I feel proud. Now, I am in the secondary grade of this school i.e in grade 10. I was first admitted to this school in grade 7. Before that, I used to study in another school of Lalitpur district. When I first came into this school, I felt very uncomfortable and regretted at myself thinking why I just changed my school. But at now, I am feeling that I should not have thought like that because I have become familiar with everything and a sense of closeness towards Manasalu has also developed on me. Now, I do feel that I am very lucky to be a part of this school. I got chance to learn many things and gather a lot of experiences from my school within the short time period of only 3 years i.e when I was newly admitted here to till date.

As a whole Manasalu is fully devoted to the prosperity of the society and its people.
