

# PRIME

INTERNATIONAL SCHOOL

INITIATE • EXPLORE • INNOVATE

+2 SCIENCE & MANAGEMENT

# INTRODUCTION

The Prime faculty is a team of distinguished researchers, scholars, and experts. We offer world-class academic programs supplemented with co-curricular activities, as well as inter-school activities helping students to grow and prosper in every aspect. Our courses are blended with theory and practice that ensure maximum productivity and global competency in our students.

# MISSION

Being guided by its vision, the mission of Prime International School is to enable its graduates to be very successful in the real-life situation when they enter into the world of work. The school would do its best to help them become high-quality managers, IT professionals, and in fact job creators rather than job seekers in Nepal and abroad.

# VISION

The school would be a vibrant center of learning having its outstanding position as an exemplary organization in the field of school education in Nepal. The students would, therefore, be guided, motivated, supported and encouraged to learn. This would further make them realize their potential and orient themselves to the ideals of PRIME envisaged as:

- P** Positive Values
- R** Road to Modern Technology
- I** Initiation and Innovation
- M** Managing Happy Family Life
- E** Exploration of new Knowledge and Skills
