# At Quest

## **Seminars and Conferences**

At QIC we have an environment that generates high- quality research which is both contemporary and rigorous. Our industry relation and academic associations, and an opportunity to work in the fast growing economies attract faculty and research fellow of international repute to the school. Conference, seminars, and workshops are regular features at the collage providing a forum for presenting research work and discussing important issues of personal interest. These events bring together academics, corporate and policy- makers and an opportunity to learn.

## **Experiential & Leadership Learning**

The true test of business theory and BBA course work will take you to the real world. At QIC, students will find plenty of opportunities to synthesize classroom learning with actual business situations. Experiential learning is a key place for corporate involvement as it allows company and non- profit organizations to develop and enhance relationships with QIC faculty and students. These partners play a key role in student education and opportunity by providing expertise and support of student projects, case development, guest lectures, and recruiting students activities such as in clubs and conference.

## **Intellectual Depth**

At QIC, students will find a stimulating academic environment where students and faculty work together to test theories and challenge assumptions. At QUEST, students will examine the rules with a critical eye and draft their own solutions to business problems. Classroom discussions at QIC are energized by an array of perspectives and a shared commitment to exploring beyond the surface. "Everyone is going to have a point of view, everyone is going to have an option, and they are going to be incredibly well thought out and quite intelligent at the completion of course."

## LIBRARY, e-Library and Wi-Fi System

QUEST contains a well managed resourceful library which will be periodically updated with wide ranges of text books, reference books, audio-visual materials, newspapers, journals and magazines. All the students will have access to utilize their leisure time to strengthen their academic standard. Students also get access to electronic libraries to the large range of data and information regarding management and other media materials. Wi-Fi System supports internet based learning.

## Cafeteria

QUEST has a canteen facility for its students to serve breakfast, lunch and other variety of delicious food items in subsidized prices. The high quality of food items are served in a very spacious and hygienic canteen for its students, faculty and non-teaching staff.

## Continuous Assessment and Fair Evaluation System

QUEST team makes its students aware that excellence can only be attained through continuous efforts. Students' assessments are based on the continuous basis throughout the year. QUEST recognizes its merit students with scholarship based on internal Examinations and Pokhara University Board Examinations result. QUEST expects term wise 100% attendance from the students. A high level of discipline, punctuality and records of the all performances of students are well maintained and documented. Fair results of open and healthy competition create competitive study milieu amongst the Questanites.

## The Culture

Student culture at QIC is rich and multi-faceted but a single principle ties all together: teamwork. QUEST students collaborate in the classroom and outside it to meet professors' exacting standards. They organize conferences, chair students groups and invite distinguished leaders to speak on collage. At QIC, students will form lasting social, intellectual and professional bonds with their classmates.

## Student life

QIC does not restrict its students to just classrooms but also constitutes a myriad of activities like extra curriculum pursuits, leadership roles, spirited athletics and artistic endeavors. The students clubs at QIC fall under five categories; career Club, Social Club, Arts and Exhibition Club, Culture Club and Sports Club. Students can be part of a number of these Clubs.

Festivals, "happy Hours" and the quintessential night parties at the end of each term and on the completion of the two terms are some landmark events on this self-contained, pro-family college. In our involved, engaged community, students will interact extensively with faculty, staff, alumni, and leaders of national and global companies and organizations.

## The learning Environment

QIC is located in peaceful and luxurious atmosphere over an impressive landscape of more than five ropani. Quality is not compromised to make the proves of learning comfortable & effective. QUEST team constantly guides the learning as fun by making students feel good. Quest International Collage opts a multi-model teaching learning mechanism. The regular classroom teaching is balanced by lecture, guided and unguided presentations, case studies, and project studies. In every case, wider participation of students is emphasized. Basically, QIC teaching is distinct by balancing on three major skill components in each subject, viz. COMMUNICATION, LEADERSHIP and ANALYTICAL SKILLS.

The role of front office staff builds the image of the organization. BHM students learn how to maintain proper internal and external information system of an organization. They learn the importance of personal grooming, hygiene, practicing courtesy, self-confidence, diplomacy, analytical and communication skills. They develop salesmanship and persuasive qualities while taking the training.

# Admission Procedure

QIC regards each and every applicant as unique and exceptional. However, to give students that extra edge, there are few parameters which students could highlight through the Application Form. These parameters will make students stand out and also help collage to assess student in a better manner. College diagnoses leadership potential, diversity, academic background and analytical ability of the applicants.

New admissions in BBA and BHM programs are offered in August every year. To apply for these programs a 10+2 or equivalent degree with minimum of 45% or 2.00 CGPA is required. In addition to this, the promising candidates should be ready to contribute full time in their studies for next four years. We also require the consent from our valued parents/ guardians to proceed to the admission processes of their respective candidates at Quest International College. QIC has its own standardized testing system for new admissions in BBA program. Quest Undergraduate Management Admission Test (QUMAT) is conducted for the written assessment which is followed by group discussions and interviews as the integral requirements for the admissions.
