

### **MESSAGE FROM THE PRINCIPAL/ FOUNDER DIRECTOR**

I feel proud and privileged to introduce grade 11 & 12 specialized in Science & Management in Vidhya Sanskar Secondary School along with the successful academic legacy of Chelsea International Academy. I extend my sincere gratitude to our valued parents/guardians and all well-wishers who have supported directly or indirectly Vidhya Sanskar family. Our aim is to equip the students with the core essence of education that enables them to face the global challenges efficiently in the recent world.

Vidhya Sanskar believes in moral discipline which helps envision the individuals with their keen responsibility that ultimately sets up a milestone for their further career. The students are self-motivated to involve in the activities in fostering their personal development independently. We have evidences with A- level students of academic excellences as World Toppers and Nepal Toppers in Cambridge GCE A Level Examinations for more than a decade. I proudly say that our institution has become the most suitable platform for the students to explore, and enhance the knowledge and skills. We believe in simplicity and creativity that entrust the people to get involved with.
