Pioneer College of BIM

# Welcome to KCMIT

Every year KCMIT welcomes a number of new students from different parts of Nepal. We are delighted that you are considering joining us. Our college harbors a friendly, informal and sparkling atmosphere for all those who come to our portals. We look forward to welcoming you here.

## About us

KCMIT was established in Kathmandu in 2000 A.D. under Tribhuvan University's new direction to enter into collaboration with the private education sector to provide the most advanced education to the Nepalese students. Presently, KCMIT offers BIM and BBA programs in affiliation with Tribhuvan University. The student centric approach of our institution with academic facilities and resources are arguably the best in the nation and we are committed to offer what promising future leaders truly deserve. KCMIT aims to establish a strong academic foundation, achieve outstanding examination results and engender a mature and independent attitude vital for taking advantage of life's opportunities. KCMIT is committed to nurture high quality education and development by creating a conducive environment where students and faculties' activities are in synergy.

## Vision

- To develop managers, entrepreneurs and market leaders through market-friendly, accessible, flexible and innovative academic programs.
- To develop graduates who will be able to grasp the national and international business and IT opportunities.

## The Principal's Message

“For men may come and men may go,  
But I go on forever”

How true Lord Tennyson was when he spoke about the brook. When I reflect on these lines, I feel the same applies to KCMIT. Students have come and gone, but KCMIT stands tall, radiating the warmth to all the family members of the past and present and waiting eagerly to usher the new.

For more than a decade we have moved along steadily and left an imperishable imprint in the history of education, not only as the pioneer college of the BIM Program and a firm up-coming college of the BBA Program, but also in grooming young ladies and gentlemen to face different challenges of the 21st century. Our growth has definitely not been flamboyant, but mature and dignified as year after year, our students have proved themselves in all walks of life - be it higher studies or the job market - KMCITians have carved their way through in this world of cut-throat competition. When success stories of our alumni are heard, a sense of gratifying joy envelopes the reigning atmosphere. These laurels which we cherish today are the outcome of the endless effort of the entire college family - the management, faculty, the administrative staff, the domestic staff and the students themselves. Each one has endeavored to elate the position of KCMIT in the education map; surely this is an accomplishment of the team spirit prevalent amongst the college community. Though we have established ourselves as an abode of learning and an institution which cares for the ethical, professional and social growth of the youth, who have taken shelter under our wings, we still have to go a long way to reach the goal we have set before us. Prior to sending out BIM and BBA graduates into the big, wide, world we want to send good human beings who will uplift themselves above all petty bickerings and spread the message of love and understanding to one and all.

May the Almighty Lord help us in our march towards our goal and lead us from darkness to light.

**Mrs. Lalita Chand**  
Principal

# BBA

## (Bachelor in Business Administration)

BBA covers a balanced curriculum between the different business disciplines, supported by the development of applied business skills and an understanding of the business world. The course takes into account the latest business developments and is designed to allow flexibility and choice. Students can follow a broad business course flexibility and choice and later tailor their studies towards particular interests.

### Reasons to study the BBA program

- Building a career.
- Advancement.
- Employers' preference.
- Critical thinking.
- Dynamism.
- Easy access to national and international masters programs.
- Capacity to work independently and as well as in a team.

# BBA Course Structure

## Semester-1: 15 Credit Hours

Course Code	Course Description	Credit Hours
ENG 201	English – I	3
MGT 201	Principles of Management	3

# BIM

(Bachelor in Information Management)

BIM is a multi faceted discipline that focuses on both Information Technology and Management. It is an undergraduate academic degree requiring four years of study to acquire it. This degree is a hybrid program of management and information theory courses. It has 72 credit hours of information technology, 27 credit hours of management courses and 27 credit hours of analytical and support course. It was initiated by Tribhuvan University in 2000, this course is offered only in a few accountable colleges in Nepal.

## Why BIM ?

To be IT Professionals proficient in the use of computers and computational techniques, in order to develop effective information systems, to solve real life problems in the organizational milieu, develop skills in object-oriented software design methods and data management systems. BIM provides professional training to students by combining information technology with managerial skills. It prepares students to proceed on to post graduate level study in information management within and outside the country.

Snetta Kayasth, TU Topper, BIM-8 Semester(2011-2015)

# Teaching Pedagogy

The faculty panel consists of highly competent, dedicated and renowned members in the field of academics. They are highly dedicated to produce professionally sound and socially responsible human resources who can be the pride of the nation. The general teaching methodology includes:

- Class lectures
- Practical exercises
- Group discussions
- Project work
- Presentation
- Case studies
- Seminars
- Internship

If students are not familiar with certain subjects orientation is given in those subjects.

# Credit Transfer

Over the years our students have been successful in transferring their credits to different Universities abroad, like

- Gausan College (USA)
- Northern Kentucky University (USA)
- Mesa State University (Japan)
- University of Nebraska (USA)
- Minnesota State University (USA)
- Southern Arkansas University (USA)
- Sagino Vally University (USA)

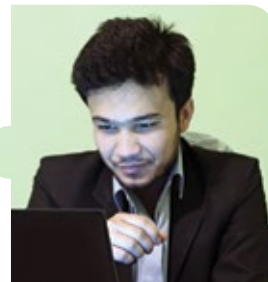

## Library

The library provides an environment where students can acquire the broad peripheral of knowledge apart from textbooks. The effort of KCMIT is to provide wide variety of different text and reference books, along with computer and business magazines and other daily newspapers.

# Voices of our Alumni

I have always felt lucky to complete my Bachelor at KCMIT. The college provides a good and comfortable study environment for the students to complete their course of study. KCMIT has made my college years more memorable as I have learnt new things that would prepare me better for the future. For my personal remark, I feel that my time undertaking my studies at KCMIT has changed my perspective in life for the better.

**Amar Bhattarai**  
BIM 2009-2013  
Senior Software Developer, i-Tech Nepal

My time at the college was extremely vigorous and fruitful. During my time at the college, I had an opportunity to learn and get valued education by qualified and experienced tutors. Now I am proud to be a part of the KCMIT alumni team. Indeed, the business knowledge and edification which I got from KCMIT has given me a new break to start my career as an Assistant HR Manager in a multinational venture. Hence, I profoundly recommend students to join KCMIT to get better and exceptional education to enhance their future career.

**Santosh Pant**  
BBA 2009-2013  
Human Resource Manager

Would always cherish the 4 wonderful years of college life." dreamers as we are, let's dream and make it happen" was the lesson I got from this institution KCMIT . I would like to state that what I have got today and what I am today all the credit goes to this institution, faculty member and friends . MISS KCMIT a lot.

**Raj Khadka**  
BIM 2009-2013  
Working at Supreme Court of Nepal

KCMIT is the most precious chapter of my life. Here you meet the most interesting and inspiring people from all over Nepal and teachers who motivate you to be the best version of yourself. They enabled this nobody to become somebody taught that "Success is not just about what you accomplish in your life, but it's about what you inspire others to do."

**Anish Shrestha**  
BIM 2010-2014  
Software Developer, Channakya Software Pvt. Ltd.

Our life is a reflection of decisions and choices we make. I chose KCMIT and in return I was blessed with a caring family in the form of friendly faculty members who were there to ease my hardship. All the time spent over those years, experimenting and learning some life changing lessons had made some amazing memories. It is said that "Nothing happens accidentally". Now, I realize that it's true since I found a reason for it as I earned a beautiful and never breaking bond with this wonderful family. All in all, KCMIT has played an irreplaceable part in my life's story which will never have an end and I take complete pride to be called a KCMITian for my lifetime.

**Sweity Siwakoti**  
BIM 2008-2012

## Photo Gallery

# Extra Curricular Activities

KCMIT conducts and participates in different activities in order to enhance the creativity and the talent of students.

## 👉 Sports

The college organizes the annual sports program which includes games like football, basketball, cricket, table tennis, chess, badminton etc. students also participate in inter college sports competitions.

## 👉 CIMA GBC 2012

A global qualification providers for Management Accountants, CIMA, Organizes the Global Business challenge in line with the vision to produce future business leaders and change the lives around the world. The team from Kantipur comprising of Rochak Bhagat, Binay Regmi, Sandeep Gurung and Rama Mishra represented Nepal in the grand finale of GBC held in Sri-Lanka as Nepal's champion in 2012.

## ➤ KCMIT Club

In order to enhance the performance and creativity of the students, the college has created the KCMIT club. This provides a platform for students to initiate different activities. Students visit different schools located at remote places and around the valley to enhance their younger brothers' and sisters' knowledge in the field of IT. Through such programmes the students are able to send the message that we are all Gods' children and we must help each other in the best possible way.

## ➤ Gaming for Charity

KCMIT club has been engaged with programs for charity, the recent one being for the flood victims. Funds were raised, clothes and utensils were donated. Besides Gaming For Charity was also introduced for the first time to raise funds for charity. This type of social services has made KCMIT contribute its wee share in the face of national crisis.

## ➤ Musical Program

The college puts tremendous amount of effort to welcome the new students. Cultural Programs with music and dance are a way of showing their welcome gesture. At the same time they also show their talents in different fields like music, dances, dramatics, etc.

## ➤ Job Opportunities

KCMIT nurtures students to market themselves and compete for employment in the public and private sectors as programmers, administrators, database developers, finance managers, marketing managers, etc.

## ➤ Placement

A number of our students are working in the following organizations:

- |                           |                      |
|---------------------------|----------------------|
| ➤ Standard Chartered Bank | ➤ Citizen Bank       |
| ➤ Himalayan Bank          | ➤ ACE Finance        |
| ➤ USA-2000                | ➤ Gorkha Brewery     |
| ➤ AIT Extension           | ➤ Diyalo Bikash Bank |
| ➤ Representative Officer  | ➤ Yeti Airways       |
| ➤ Jawalakhel distillery   | ➤ Civil Bank         |
| ➤ Nepal Investment Bank   | ➤ Medas technologies |
| ➤ Software Development    | ➤ Janata Bank        |
| ➤ Firm Bangalore, India   | ➤ LEAD international |
| ➤ Sunrise Bank            | ➤ SUBISU             |
| ➤ Bank of Kathmandu       | ➤ NMB Bank           |
| ➤ Laxmi Bank              | ➤ Nabil Bank         |
| ➤ Everest Bank            | ➤ Sanima Bank        |

## ➤ Students performance

Over these years batches of students of the BIM and BBA programs have successfully graduated from the college. The excellence of KCMIT has been proved through the outstanding performance of our graduates in national and international post graduate programs and places of work.

## ➤ Feedback Mechanism

KCMIT always admires the feedback and suggestions from parents and students so that we can improve and implement the best strategies to reach our common goal. The feedback mechanism has been able to create a congenial atmosphere here for all round development of the students.
