## ***What attracts students and faculties at BPKIHS?***

### **BPKIHS Academics**

- BPKIHS is a leading Health Sciences University of Nepal. It is known around the globe by virtue of its innovative curricula. Every year BPKIHS gets substantial number of candidates to enroll in its academic programs.
- Its educational philosophy was conceptualized by eminent medical educationists from Nepal, India & various international communities including WHO.

### **International and National Perspectives of BPKIHS**

- There are substantial number of Indian students studying in the institute. Indian nationals do not require any visa to enter Nepal.
- BPKIHS is an international university in a true sense. Students from the Netherlands, Australia, Belgium, Switzerland, Norway, Germany, USA, Canada and other countries visit the institute regularly for their electives and clerkship.

### **BPKIHS curricula** are the most innovative in this region of the globe.

- The BPKIHS curricula provide optimum exposure from primary to tertiary health care system services and the training prepares them to work efficiently both within and outside the country, in urban and rural areas, and in tropical and subtropical region.
- Training/learning is partially interdisciplinary involving students of Medical, Dental, Nursing and other allied health sciences.

### **Research Perspective**

- BPKIHS is a leading scientific institute in Nepal.
- Amongst the other medical institutes of Nepal, the faculty members at BPKIHS publish maximum number of scientific articles in national and international reputed periodicals and journals. It has made BPKIHS well known worldwide in the field of biomedical and educational research.
- BPKIHS has its own scientific journal 'Journal of B. P. Koirala Institute of Health Sciences' (JBPKIHS).

### **Geographic Location, Climate, Weather and Environment**

- BPKIHS is situated in Dharan - one of the cleanest cities of Nepal, an environment-friendly city surrounded by greenery. It has electricity supply round the clock even during the load-shedding hours. In addition, there are hill stations situated at half-an-hour to three-hour drive for recreation. Dharan enjoys comfortable weather round the year, which is its most unique and enjoyable feature in this region.

### **BPKIHS graduates**

- The graduates of BPKIHS are welcomed worldwide. A substantial number of MBBS and BDS graduates go to pursue higher level training in the USA, UK, Australia and Canada. Our graduates perform well in Postgraduate Entrance Exams in Nepal, India and abroad. They are well known around the globe for their quality health service and education.
- BPKIHS graduates get attractive placements in emerging health/ medical institute of Nepal and across the globe.

### **Social accountability**

- It has also adopted the principle of “Social Accountability” in general.

### **Facilities within the campus**

## 1. INTRODUCTION

B.P. Koirala Institute of Health Sciences (BPKIHS) was established on January 18, 1993 and subsequently upgraded to an autonomous Health Sciences University on October 28, 1998 with a mandate to work towards developing socially responsible and competent health workforce, providing health care and engaging in health research. The Institute is located in eastern Nepal and it has extended its continued health services through teaching district concept to Primary Health Care Centers, District Hospitals and Zonal Hospitals in eight districts of the region. This University is aptly named after Bishweshwar Prasad Koirala, Nepal's visionary leader in social uplifting and a firm believer of national integration.

This Institute is envisaged as one of the most successful examples of Nepal-India co-operation. The Health Ministers of the two countries signed the Indo-Nepal agreement for collaborative development of BPKIHS on the Hindu auspicious day of Mahashivaratri (March 10, 1994).

BPKIHS has a vision of a self-governing, self-reliant international Health Sciences University aiming at attracting students and teachers from all over the world to its constantly innovative educational programs. BPKIHS has also been envisioned by the Nepalese Parliament as a center of national importance to produce skilled manpower in health sector to meet the country's needs and also to function as a center of excellence in the field of tropical and infectious diseases.

BPKIHS has subspecialty, postgraduate and undergraduate programs. It has four colleges: Medical, Dental, Nursing and Public Health. Its Central Teaching Hospital has 763 beds and well established major clinical and basic sciences departments.

The **MBBS program** of BPKIHS started in 1994, is recognized by Medical Council of Nepal, India and Sri-Lanka. It is listed in the World Directory of Medical Schools published by the WHO.

The Institute started **BDS program** in 1999, which is recognized by the Nepal Medical Council. The duration of both BDS and MBBS Program is 4½ years followed by a year of Compulsory Community Oriented Residential Rotating Internship, which is mandatory and to be completed successfully at BPKIHS and its Teaching District Hospitals. This feature is new and unique in this part of the world.

**Postgraduate programs (MD/MS and MSc)** were started in 1999. All the MD/MS, MSc and MPH degree are recognized by respective councils of Nepal and several MD/MS degrees (Anesthesiology, Dermatology and Venereology, Orthopedics, Pediatrics, Surgery, Radiology, Psychiatry, Otorhinolaryngology, Medicine, Pharmacology and Gynaecology & Obstetrics) are recognized by Medical Council of India (MCI) as well. While selecting candidates for MD/MS postgraduate studies, the institute has given due recognition to those Nepalese medical graduates who have served the primary health centers and/or district hospitals under the government health system. MSc in basic sciences are available in Human Anatomy, Human Physiology, Medical Biochemistry and Medical Microbiology.

**BSc Nursing program** was started in 1996. This program is well recognized within and outside the country. All the nursing degrees are recognized by Nepal Nursing Council. There are separate college complexes for both BDS and Nursing programs in the BPKIHS campus.

The **School of Public Health** was established in 2005 and it is running a two-year **MPH program**. The **MSc Nursing Program** is running in Community Health Nursing, Psychiatry Nursing, Maternal Health Nursing, Child Health Nursing and Medical Surgical Nursing.

**MDS Program** has been running since 2011 in Conservative Dentistry & Endodontics, Periodontology & Oral Implantology, Pedodontics & Preventive Dentistry and Prosthodontics. From 2014, MDS program has been started in Oral Medicine & Radiology, Public Health Dentistry, Oral Pathology and Orthodontics.

The allied health sciences course running at present is **BSc MIT**. In addition, BPKIHS organizes short-term academic programs/refresher courses for national and international students, doctors and faculty members. Continuing medical education on various aspects of health is a culture of BPKIHS.

**PhD** in different disciplines have been started from 2011. In the year 2013, the Institute started several new courses/programs as follows:

A. **DM/MCh courses** have been started in the following subjects:

- DM Cardiology
- DM Gastroenterology and Hepatology
- DM Pulmonary, Critical care and Sleep Medicine
- DM Neonatology
- MCh Urology
- MCh GI Surgery

## **B. Fellowship in Emergency Medicine (FEM)**

## **C. MD in Hospital Administration (MDHA)**

This University, aiming as a center of excellence in patient care, teaching, and research in health sector follows an integrated and holistic approach in academics and services.

Situated in Dharan at the foothills having an area of about 700 acres, the University has a clean pollution free environment, and water and electricity supply round the clock. The institute is committed to its social responsibility and accountability. Candidates from disadvantaged groups are given opportunities for admission in most of the academic programs.

The Institute has innovative approaches of community-based training of students and providing services to the local people through the concept of Teaching District Hospitals (learning by doing at community level). Accordingly, students of various programs visit and/or are posted to the health institutions under faculty/specialist supervision where on one hand they get opportunity to learn in the community set-up; and on the other hand, the local health institutions get regular qualified health workforce to provide the quality services by a BPKIHS team of faculty/specialist and interns.

## **2. VISION, MISSION AND GOALS OF BPKIHS**

### **Vision**

#### **BPKIHS has been visualized as**

- ❖ A self-governing, self-reliant International Health Sciences University attracting students and teachers from all over the world to its constantly innovative educational programs.
- ❖ A national center for providing quality health services from tertiary to primary, and developing replicable and sustainable models of integrated health systems sensitive to the needs of both the individuals and the community living in urban as well as rural areas.
- ❖ A prestigious center for biomedical and health system research, and as a center of excellence for tropical and infectious diseases.
- ❖ A complete health development project through its teaching districts, which will catalyze an environment-friendly human development initiative resulting in enhancement in the quality of life of the people of Nepal and those working in BPKIHS to ensure a high level of commitment to excellence and dedication to service.

## **Mission**

The main mission of BPKIHS is to improve the health status of the people of Nepal by providing holistic health care through training of compassionate, caring, communicative and socially accountable health workforce acting as agents of change and through advancement in research and innovation in service as well as education to ensure healthy individuals and families by collaborating with all stakeholders.

## **Goals**

### **Educational Goals**

In terms of achieving the educational goals of the Institute, both the present curricula and future educational programmes are to be need-based, integrated, community-oriented and partially problem-solving in line with innovative medical education programmes epitomized in the Edinburgh Declaration of 1988. These are the basic tenets on which BPKIHS curricula are based.

In the area of service delivery, this Institute is committed to provide services not only to those coming to its teaching hospital but also to those who are not able to do so. The Institute does this by reaching out to the community that cannot reach the Institute. It is not only reaching out to the sick in the community but is committed to the active promotion of positive health and through it, improvement in the status of the community health that will serve as a measure of attainment of our service goals. The faculty at BPKIHS is expected to monitor health indicators such as Infant mortality rate, crude birth rate, crude death rate, blindness, deafness and disability rates etc. on an ongoing basis much in the same way as we monitor our individual patients in terms of established clinical parameters.

### **Research goals**

In the field of research, high priority is accorded to the areas requiring greater attention to solve the existing and emerging health problems threatening the well-being of large population groups using multi-disciplinary, integrated and problem-solving approach. Greater emphasis is placed on research which will lead to application of available knowledge for the benefit of large number of people.

## **COUNSELING**

In the context of Entrance Examinations, counseling is the process of selecting and confirming the seats (according to schemes and categories) by the candidates themselves based on the merit order drawn from the Entrance Examination.

### **Counseling Procedure**

1. All interested candidates must be physically present at the time of counseling in the counseling hall (Auditorium Hall of BPKIHS). Candidates must arrive on time.
2. Candidates who are not present in the first counseling or those who do not choose to take seats when offered, will not be called for subsequent counseling.
3. Candidates are required to bring their original certificates /documents to be eligible to attend the counseling session. There will be **no** consideration for inability to produce the following required documents.
  - a) Entrance Examination Admit card
  - b) Original mark sheet/transcript of SLC/Class 10/matriculation
  - c) Original mark sheet/transcript of ISc or class XII of 10+2 system or A level or equivalent examination.
  - d) Original citizenship/passport (will be returned after verification)

4. For Janajati/Dalit candidates- Original certificate issued by the Commission (as applicable) as well as a verification certificate from the district administration authority of concerned district must be attached with the application.
5. Counseling is done in groups according to categories. The names of the candidates will be called in the order of merit and the candidate will be given the opportunity to choose from the available seats, schemes and programs.
6. After choosing the seat, s/he will receive confirmation slips after which s/he will have to get her/his original documents verified and deposit them immediately and start the process of admission. Failure to deposit the original certificates as listed below will lead to immediate cancellation of the admission and the vacant seat will be offered to the next candidate in the merit list in the same counseling session.

Counseling will be done according to category. The number of candidates called for first counseling will be three times the number of seats available in the HSTFS category, four times the number of seats available in the PSTFS category according to the merit list and all candidates in the merit list who has applied for FTFS. Counseling will be done in the following order.

assessment for failures in the final assessment will not be taken, and in their case the **30%** marks to be considered for internal assessment will be derived from the marks secured in the concerned subject/paper in the regular annual examination. These marks will be added to the marks obtained in the supplementary examination.

8. Certificate of merit will be awarded to those students scoring a minimum aggregate of **75%** marks in the annual examinations in the first attempt & being on the **90<sup>th</sup> percentile** & above.

## **16. ACCOMMODATION**

There are separate hostels for boys and girls. Staying in the hostel is compulsory for all the students admitted to BPKIHS in order to inculcate habits of scholarship and a sense of belonging. The students themselves manage hostel-mess. The Institute has provided a well-furnished kitchen. Students are advised to use electricity and water rationally to save energy. The students admitted must strictly follow a code of conduct as per BPKIHS rules & regulation. Entire campus is ragging free zone. **Ragging in any form is punishable.** Anybody found doing such activities will be taken seriously.

In the 1<sup>st</sup> and 2<sup>nd</sup> year of course, possessing or riding motorbike/scooter inside the campus by the undergraduate students is strictly prohibited.

Any violation may be liable to punishment as per the institute rules.

## **17. CENTRAL LIBRARY**

The Central Library is well-equipped and resourceful maintaining relevant collection of medical books, electronic journals and other resources. It is providing services for 15 hours a day from 8:00 am to 11:00 pm (Sunday–Thursday). On Fridays, it opens from 8:00 am to 1:00 pm and on Saturdays, from 8:00 am to 6:00 pm except on public holidays. The essential international and Indian medical journals are being subscribed to the Central Library annually. Apart from these resources, approximately 14000 titles of biomedical health sciences free full text e-journals, books, Cochrane and essential databases are accessible from WHO/HINARI. The Annual Reviews on various disciplines are also made freely available to the users. The Electronic Information Services (EIS) has been upgraded in library by enabling access to online resources through personal device i.e. laptop, notebook via Wi-Fi

connection. Desktop computers are also installed to assist users. Each department has its own Departmental Library with essential collection of books and journals, which is updated regularly.

The library has set up its own dedicated server for searching library collections and providing free full text access to all e-resources available through HINARI, Annual Reviews, Open Access Journals. Digital Library, useful links and relevant resources are also facilitated through a single platform, E-library, which is made accessible from the IP address/URL <http://elibrary.bpkihs.edu:8000> within the BPKIHS Networking/LAN Networking. In addition to these, the Library is conducting various activities to enhance the knowledge and skills of users for literature search, electronic information access and so on.

#### **18. VISA FOR FOREIGN STUDENTS**

Foreign students have to pay necessary visa fee during their study period. Institute will help the students with necessary communications to the concerned authority.

#### **19. ENTRANCE EXAMINATION COMMITTEE**

The Entrance Examination Committee of the institute governs selection of candidates for admission to all academic programs. The Committee invites and receives applications, screens eligibility, rejects applications not meeting the eligibility criteria, fixes examination date, time and its centers, conducts entrance examinations, publishes results, and recommends admission of successful candidates. The Committee also reserves the right of cancellation of admission of any candidate, if, after inquiry it is proved that the information provided by the applicant is false. **The decision of the Entrance Examination Committee shall be final and binding.**

**Note:**

- 1. During the examination/before/or later, if a candidate is found indulging in any unfair means, he/she shall be deemed to have used unfair practice at the examination. Such candidates would be expelled and debarred from taking the examination in future too and shall also be liable for criminal action and/or any other action deem fit by the institute.**
- 2. The seats for all the BSc Nursing and BSc MIT program offered by B.P. Koirala Institute of Health Sciences, Dharan is based on merit in the Entrance Examination. The institute has no agents or middlemen for admissions.**
- 3. The Entrance Committee will make all efforts to avoid mistakes while preparing and publishing results but the Committee or the Institute will not be responsible for inadvertent mistakes incurred due to human error. The Entrance Committee also reserves the right to correct mistakes if they are found at any point of time.**
- 4. Any attempt on the part of the candidate to influence the process of admission directly or indirectly will be treated as a disqualification.**

## 20. DHARAN

Dharan is a lovely town situated at the foothill of Siwalik/Chure Mountains in the Eastern Region of Nepal. This town is one of the most important industrial, economic and educational centers in the region and a gateway to the eastern hills & mountains of Nepal. Dharan has climate and vegetation a mixture of tropical and sub-tropical. It has very pleasant weather throughout the year. The summer is warm having a maximum average temperature 32°C and the winter very pleasant having a minimum average temperature 10°C.

The population of Dharan Sub-metropolitan is 1,16,181 (Male-54599, Female-61582; Census 2068 BS) having mixed ethnicity and religion. The cultural diversity is another important aspect of Dharan.

Dharan is connected with a domestic airport in Biratnagar few km north from Indian state of Bihar, about 40 km south (1 hour drive) from Dharan. The same road continues to north connecting Bhedetar (a hill station ½ hour drive from Dharan), Dhankuta (about 52 kilometers further north), Hile and Basantapur. Dharan is easily approachable from Siliguri, New Jalpaiguri in West Bengal, Katihar and Jogbani in Bihar. Trip to Dhankuta, Hile and Basantapur would definitely be a remarkable one for anyone to see picturesque mountains of the Himalayan ranges. The panoramic views of the majestic mountains and the Himalayas seen from Hile & Basantapur will never be enough to anyone who loves nature.

Dharan is a heritage of Hindu and Buddhist pilgrims; there are Mosques and Churches as well. Barhakshetra, Dantakali, Pindeshwar, Budha Subba and Panchakanya temples are the famous Hindu holy places one should not miss to visit.
