## What does it take to get a Rank 3 or Rank 5 in All India Services?

Clearing the Prelims *first*.

Ask Pratham Kaushik ( AIR 5, 501 Marks in GS ) or Jivani Kartik Nagjibhai ( AIR 3, IFoS ) who were offline classroom students of ForumIAS Current Affairs Classes. ( In fact one third of our students selected in CSE 2017 and IFoS 2018 are our Classroom Students. )

When asked as to how the Current Affairs Classes worked for them - they both said unequivocally - *the Current Affairs Classes at ForumIAS filter out a lot of garbage that is irrelevant for the exam, but is covered in Current Affairs Magazines in the quest for maximum coverage.*

### What is the problem that we are trying to solve?

The problem of *plenty*. The problem of **UNLIMITED**.

If you glance through popular magazines , online videos and courses, and if you have *ever* cleared Prelims before, you would *know* that nearly half the content in common magazines is not relevant for **UPSC** Prelims and can be totally avoided. But the Prelims fear makes us waste a lot of time doing things that are NOT important.

## Current Affairs for Prelims 2019 - Online + Offline | 25th March@5PM

---

*Firstly*, The Prelims Current Affairs Revision Classes ensures that an experienced mind is applied to the existing body of Current Affairs and reducing it to make it meaningful and at the same time ensuring 110% coverage.

*Secondly*, covering news items with at least 2-3 years perspective - given that the Commission has been of late asking older news items too.

*Thirdly*, time is a zero sum game, and the more time you waste on the wrong topic / subject the less time you have for the more relevant subject / topics. The Current Affairs Revision Classes by ForumIAS will ensure that you have more time for studying static subjects, practising test papers and previous years papers, analyzing your mistakes and making continuous improvements on a daily basis.

Every tenth student in our Current Affairs Classes is a selected candidate - because with limited preparation time due to training, and maximum output for time invested, Current Affairs classes offer a solid preparation framework for Prelims.
