

Comprehensive Guidance Program (Essential) 2020 | 10th November 2019

What is the Comprehensive Guidance Program (Essential) Program?

The CGP (Essential) Program is a classroom-based program for ensuring complete coverage of Civil Services (Mains) Syllabus. It is a four-month duration program that commences from 10th November and is available in **Offline** Mode.

Who is it meant for?

The CGP (Essential) is meant for students:

- who have some basic idea of Prelims Examination, and have read the basic Prelims books, but are seeking minimal coaching support for Mains preparation.
- who lack content or need content enrichment for their General Studies Mains preparation, especially with non-conventional topics
- who have written Mains Examination / Mains Test Series without adequate preparation, and are caught in the vicious cycle of Mains and Prelims, without being able to afford the time for dedicatedly preparing for Mains.

What is the problem we are trying to solve?

Every year thousands of students get into the preparation without a clear preparation plan in mind. They also take some Test Series or do self-study without any / substantial content building and even appear for Mains without a rock-solid preparation. This happens because either (a) they did not attend classes for GS before in the first attempt (b) joined classes, but lacked the maturity to sit through the classes and make notes (c) took some classes and also did self-study, but are disorganised and now are in a situation where (i) they know enough so as not to need a foundation course (ii) they do not know enough to write content-rich answers. (d) They have written Mains before without preparation and are caught in a vicious cycle of the Mains and Prelims Examination.

We believe that this program can help prepare better for Mains and aid in coming out from the vicious cycle of Prelims & Mains examination with a focused approach.
