to me

Dear Forum IAS,

I am not sure if it is the right email id to write this message. However, I would be thankful if you could convey it to the concerned people.

I have been an active member following Forum IAS. I had joined Prelims test series with you and used to follow motivational posts. The Facts in News initiatives also helped me a lot in my preparation.

This year I have secured Rank 12 in CSE 2017. There were many support pillars in this journey and Forum IAS was certainly one of them. Thank you again.

Regards,
Ashima Mittal

Prelims 2020 Test Series – THE PLAN

“From Basics to Pro”

- **Level 1:** The 10 tests in the level ensures you **read through NCERTs holistically** once without getting bothered about other reading sources. It helps you **build a sound foundation**. Also, UPSC tends to ask time and again questions directly from NCERTs.
- **Level 2:** The 13 tests in the level ensures you have read through at least one recommended textbook for the subject and upgraded the knowledge that you have attained through NCERTs.

Level 1 and 2 will seek to **cover the basics** along with helping students to **build a knowledge base**. They will provide a **learning curve**.

- **Level 3:** The 9 tests in the level ensures that you have a timely revision of all subjects. It also adds **value to your knowledge** by suggesting new but specific reading sources.
- It will help **develop problem-solving skills** and **aptitude development**. It will **evaluate the knowledge base** that has been built over level 1 and level 2.
- **Level 4 - The SIMULATORS™:** The 8 GS Simulator™ along with 4 CSAT Simulator™ makes sure that you have undergone different quality/difficulty and pattern for Prelims paper by simulating past 5 - 6 years of UPSC papers. The simulators help to make Prelims exam predictable for you. They provide for timely assessment and gauging of the competition.

While Knowledge Base can be developed by reading standard books, the latter - problem solving skills, elimination skills and decision making comes with practising previous years' papers and solving high quality simulator Test papers.
