## Prelims 2021 Test Series – THE PLAN

### From Basics to Pro

- **Level 1:** The 8 tests in this level ensure you have read through NCERTs and at least one recommended textbook for the subject and upgraded the knowledge that you have attained through NCERTs.  
You get 3 sectional CSAT tests to get you started with practise required for CSAT.
- **Level 2:** The 6 tests in the level ensure that you have a timely revision of all subjects. It also adds value to your knowledge by suggesting new but specific reading sources. It will help develop problem-solving skills and aptitude development. It will evaluate the knowledge base that has been built over level 1 and level 2.
- **Level 3:** The SIMULATOR: The 8 GS Simulator Tests along with 4 CSAT Simulator Tests and 2 All India Open Mock Tests make sure that you have undergone different quality/difficulty and pattern for the Prelims paper by simulating the past 5 - 6 years of UPSC papers.

The simulators help to make the Prelims exam predictable for you. They provide for timely assessment and gauging of the competition. While Knowledge Base can be developed by reading standard books, the other aspect - problem-solving skills, elimination skills and decision making comes with practising previous years' papers and solving high-quality simulator Test papers.
