ABOUT THE PROGRAM

The CGP is a **prelims-cum-mains mentor-led Guidance Program** which provides a single and unified 360-degree preparation roadmap for UPSC Civil Services Examination. The program commences well ahead of the exam to give students ample time for preparation.

Why choose ForumIAS CGP Foundation?

We will give you three reasons:

Reason #1

The truth is Conventional Foundation Programs focus on classroom sessions, without a model for external assessment or even self-assessment on a timely basis. By the time the student is evaluated, there is a lapse of one year from the time he studied it. So, in conventional foundation programs, you will end up only making notes for one year and writing tests in the second year. But at ForumIAS, you will have weekly and monthly assessments backed by mentor feedback which will keep you oriented on the right path.

Reason #2

Anyone who has cleared the examination will tell you that right guidance is key to cracking the Civil Service Examination. At ForumIAS, we have some of the best people, who will be a part of your entire preparation journey. You will get in-person, telephonic support throughout the preparation journey.

Reason #3

Here, you will do all the four – classroom sessions, answer writing sessions, solving MCQs from Day 1 and understanding Current Issues. Also, you will be provided multiple rounds of revision at the optimal stage of your preparation.

FEATURES

- Access of classes will be available till Mains 2024.
- Mentor Support will be available till you clear the exam.
- Personalized & Individual Attention.

Learning Components of CGP

Comprehensive Preparation In Dedicated Timeline

At ForumIAS, our philosophy is to help students grow through phases and do the right thing at the right time. We also pride ourselves in completing the syllabus at designated time so that aspirants have ample amount of time left to invest in revision and evaluation of the attained knowledge.

Comprehensiveness is provided by covering each aspect of examination through

- GS Classes** – The classes take care of complete preparation for Prelims and Mains. The classes are conducted in offline and online mode. They are followed up with doubt sessions. These classes are supplemented with crisp handouts making revision an easier task.
- Current Affair Classes** – The current affairs classes will go hand in hand with the static syllabus so that you are able to

cover the entire dynamic issues of GS Paper 2 and Paper 3, with crisp notes, one-pager handouts for a chaos free preparation. They help you add value to notes you have created in your GS Classes as well as help you create a differentiated content. The classes are held in 3 phases with focus on Current affairs for both Prelims and Mains.

- Essay Guidance Program** – The thematic content building classes for essay will ensure you have a reusable content at the same time maintaining your originality while writing the essays. You learn different templates to writing essay while adopting the techniques that suits you the most. There is also a constant focus on helping you understand and attempt philosophical essays compulsorily.
- Supplements** – Aspirants can access relevant and up-to-date study material as opposed to a plethora of study material available in the market which in turn confuses the student. Add-ons like monthly current affairs magazine, Daily Newspaper brief and weekly newspaper analysis help cover the dynamic aspect of the syllabus.

Revision Components of CGP

Revision, Revision and Revision

Toppers will tell you not to do too many things but to do few things multiple times. At ForumIAS we provide you with multiple rounds of revision and ensure reorientation basis feedback on these tests.

- Weekly Benchmark Tests (BTs)** – The weekly benchmark test (comprises both objective and subjective tests) will ensure regular assessment and give feedback for improvement with each passing week. A dynamic exam such as this requires regular assessment and hence, we provide with objective + subjective assessment each week with answer writing sessions. At the end of every month, there will be a CBT which will help you in monthly revision. These tests are important as you are not expected to learn the trick and trade of solving MCQs or Answer Writing on day one, but it is a gradual process, and these tests will help you incrementally learn the same. The quality of question, solution and evaluation of subjective questions adhere to the standards set by our MGP program.
- All India Simulator Tests Series (AIS)** – The AIS Test Series starts approximately 10 weeks prior to Prelims examination to give students a feel of the exam and to make sure that you have undergone different quality/difficulty and pattern for the Prelims paper by simulating the past 5 - 6 years of UPSC papers. You will be able to gauge your preparation alongside a huge number of aspirants. You will be provided with All Indian Ranking for all the tests.
- Select Focus Group (SFG)** – The SFG begins post your completion of GS Classes. It consists of 50 Questions / 1 hour test written every day (except Sunday) in disciplined manner at a designated time. With multiple tests for each subject, it ensures you have completed a detailed revision of all the recommended textbooks for Prelims.
- Answer Writing Focus Group (AWFG)** – Generally held post prelims, this is SFG for Mains. It ensures detailed revision. The tests are followed up with detailed discussion which will help you understand how to approach a question as well as create niche content for the questions

and topics asked in tests. Discipline is again an important part of this program.

- **Mains Guidance Program** – It generally begins post prelims. This is a Mentor Supported, test series-based preparation program where you will get exam ready by attempting multiple sectional and full-length tests. Mentor feedback will seek to add value to your answer writing and

help to develop niche for yourself.

- **Essay Guidance Program** – Essay tests will be conducted throughout the program. It ensures that the essay part is not neglected, and you are not making strategies or collating content for essay writing in the last moment before writing the mains examination.
