

Kia EV5

Movement that inspires

August 2024

Overseas ModelShown

EV5. The EV for everyone.

Combining luxurious space and comfort with inspired design and state-of-the-art technology, the Kia EV5 has everything you could wish for in a family-sized SUV.

Factor in class-leading range and handling tuned for New Zealand roads, the EV5 just might be the EV of your dreams.

Roadtrip ready.

The EV5's inspired handling has been specially tuned for New Zealand driving conditions and with up to 555km* of range, there's plenty of power to take you wherever you want to go.

With fast charging stations all over New Zealand, you can quickly charge your EV5 while you grab a coffee.

Using an ultra-fast DC charger, you can go from 10 to 80 percent in about 38 minutes.

Using Kia Connect, your EV5 can even locate and guide you to the nearest compatible charging station.

An 88.1 kWh long-range battery delivers best-in class range of up to 555km** for 2WD models and up to 500km** for AWD models. Kia's integrated battery architecture contributes to exceptional chassis rigidity for confident and stable driving on New Zealand roads.

*2WD models only, WLTP combined figure.

Relaxation room.
A quiet cocoon of comfort and innovation, the EV5's spacious and versatile interior offers ample room for five passengers.

Inside, the EV5 cares for you and the planet, with extensive use of recycled and sustainable materials throughout. With an additional segment display positioned between dual 12.3" screens, the EV5's integrated panoramic display spans a huge 29.6", giving you panoramic view and complete control over essential vehicle functions.

GT-Line Only

Always thinking of you.
The EV5 protects you with a suite of advanced driver-assistance systems.

Forward Collision Avoidance Assist automatically brakes to prevent potential collisions with cars, pedestrians, or cyclists. Highway Driving Assist 2 helps maintain a safe distance from vehicles directly ahead and beside you and helps center the vehicle in the lane while on a highway or a motorway. Holding the steering wheel and operating the turn signal above a certain speed, allows the EV5 to automatically change lanes in the indicated direction.

Smart Cruise Control - feel confident on any road with Smart Cruise Control (SSC). Using radar, SSC maintains a safe distance from the vehicle directly ahead, automatically slowing, accelerating or stopping your EV5 when necessary.

Lane Follow Assist and Lane Keep Assist keep you safely in your lane and assist with safe lane changing, to boost your safety and confidence.

Kia Connect.

The KiaConnect app is your digital co-pilot, with a range of features and services designed to enhance your day to day mobility, before, during and after your trip.

Overseas Model Shown

You can use it to remotely adjust the climate control for a comfortable cabin before you get in, lock or unlock your car from anywhere with a tap and keep track of where it's parked with real-time tracking.

The Kia Connect app looks after you and your EV5, providing a vehicle health report that checks your car's systems before you hit the road. In a collision where an airbag is deployed, the app automatically contacts Kia's 24/7 call centre.

There's even a Valet Mode that keeps an eye on your EV5's location when you hand over the keys to someone else.

 SOS Call	 PO Search & Weather Update	 Valet Parking Mode
 Remote Climate Control	 EV Charging Locations & Status	 Remote Lock
 Destination Send to Vehicle	 Real-time Vehicle Tracking	 Vehicle Health Status

Over-the-air-updates.

KiaConnectallowstheEV5to receiveOver-the-Air (OTA) wireless software updates as you drive.

Find out more about OTA here

These improve key vehicle functions, such as powertrain, steering, electric motor, battery, airbags and the advanced driver assistance systems (ADAS). With OTA Updates, you'll

always be equipped with the latest safety and performance features without the need to visit a dealership or service centre.

Colours.

EV5 comes in a range of colours inspired by nature. Our BTX-free painting process creates a beautiful and durable finish while minimising the use of polluting chemicals.
