### Example Question:

Some people declare that everyone should be a vegetarian because no one needs meat to keep healthy. Do you agree or disagree? Support it with examples.

### How to use the template

- Change “everyone should be a vegetarian” to “**becoming vegetarian.**” This is your topic.
- Select an **impact zone** (e.g., **public health**).
- Identify **Point 1** and its **outcome**, then identify **Point 2**.
- Determine **Point 3** with an **example**, then determine **Point 4**.
- Fill in the template with your ideas. That’s it!

### Final Essay

The increasing impact of **becoming vegetarian** in our daily experiences has led to a variety of discussions and debates. This matter holds particular importance because of its influence on **public health**, impacting both people and populations. In this essay I will discuss about **becoming vegetarian** along with the **advantages and disadvantages** and, if required, provide my opinion on the matter.

Among the **prominent challenges** related to **becoming vegetarian** is **the difficulty of accessing diverse plant-based foods**. Research from several studies suggests that **becoming vegetarian promotes healthier lifestyles**. Besides that, a further **advantage** of **becoming vegetarian** is **its positive environmental impact, such as reduced carbon emissions**. For this reason, the **advantages** of **becoming vegetarian** should be given more attention.

On the other hand, **in addition to the benefits, there are also drawbacks** to **becoming vegetarian**. A major **disadvantage** of **becoming vegetarian** is **the potential nutritional deficiencies, such as lack of vitamin B12**. This becomes particularly apparent in situations where **individuals do not properly plan their vegetarian diets or fail to supplement missing nutrients**. In addition, **the increased cost of plant-based foods creates obstacles**, impacting both individuals and society. As a result, it is important to put strategies in place to resolve these **difficulties** effectively.

In summary, it is evident that **becoming vegetarian** presents **both benefits and drawbacks** which deserve attention. Going forward, we should use the **advantages** of **becoming vegetarian** to bring about positive results for people and society.
