(YEAR 2024-25)

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

1. The college has institutionalized an SC Cell, which caters to the needs of poor SC students. A well-equipped small library and basic infrastructure for studying therein is extended to such registered students, apart from undertaking the remedial classes.
2. As relates to the extended provision of Mentor-Mentee, efforts are mostly geared towards the slow learners. However, the teaching faculties extend their guidance to the advance learners too, who seek them.
3. In addition, few of the faculty members are infact involved in undertaking special classes, such as classes on Fundamentals in Mathematics, and like, at or before the start of the academic session.
4. The Virtual Lab programme, effectively run in the college, principally, by the Department of Chemistry, has undoubtedly enhanced the learning experience of the students, apart from offering the usual practical learning opportunities for students, as also by the faculty members. Virtual lab, would be one programme, the college administration would strengthen for its effectiveness to both the slow as well as advance learners.
5. 2 scholars from the depart of mathematics attended the 'Initiation into Mathematics, organised by the IIT, Roorkee, Saharanpur. The programme- Mathematics Training & Talent Search (MTTS) is meant for both UG and PG students. Similarly, 3 research scholars attended the Annual Foundation School, organised by National Centre for Mathematics, School of Mathematics, TIFR, Mumbai; being jointly organised by Department of Mathematics, TIFR and IIT, Mumbai.

This is to certify that the information provided above is correct to the best of my knowledge & belief.
