2.3.2 - Teachers use ICT-enabled tools for the effective teaching-learning process. Write a description in a maximum of 200 words

Presently all 20 departments, are in possession of Computers and laser printers, 7 are in possession of overhead projectors, and 15 departments have LCD projectors and wall-mounted screens. Under the stipulation of the Directorate of Higher Education, its mandatory for every teaching faculty to record his/her teaching, or prepare PowerPoint presentation of the topics taught for referral use. Hence, most, if not all the faculties, especially from the science, invariably make use of such facilities extended. Moreover, when it is commonly perceived that making use of such provisions, lessens the burden of the teaching faculty, while at the same time, the teaching becomes more effective, interactive, as well as innovative. The teaching faculties also engage the Postgraduate students to make their presentation through PPT, towards effectual teacher-learning process. Efforts are being made so that each single department is ICT-facilitated. It will necessitate that the remaining departments be provided with LCD projectors and screens.

Further, the whole campus is Wi-Fi enabled. Additionally, all the departments have either direct or indirect broad-band facilities, too. To facilitate learning, and especially the needs of the students, especially to fill in their online admissions, a separate Cell has been established well-equipped with computers and a wi-fi system, so that the students partake in the facility. To aid teaching and administrative purposes, 8 FTTH portals have been extended to the following self-finance B. Ed, Yoga, Biotechnology, Computer Science, Sports, Admission Cell, IQAC Cell, Account Office, and Examinations.

Lastly, the college has subscribed the DelNet, as well as has registered for ONOS (One Nation One Subscription) towards facilitating research scholars for accessing online journals.

This is to certify that the information provided above is correct to the best of my knowledge & belief.
