She was guided and encouraged to work upon them which resulted in her better and focused involvement in classroom activities. This additively, gave her an impetus to qualify for PhD entrance examination in February, 2025 (document attached). Mentor: Nilofar Akhtar, Professor

Mentee: Yogita Mulani; Shubham Tamta

Course/ Programme: MA

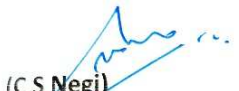

Period: 2023-2025

Yogita Mulani joined the department for MA programme rather late as she apparently seemed to be in two minds regarding her career choices. Repeated conversations revealed that she still needed to overcome her grief from her personal tragedies. Though taciturn in the beginning, she began to respond to trust building and open communication creating in her a sense of belonging making her feel that she was a part of the department where she could learn and grow. Feedbacks were revealing. The confused young girl found herself making decisions and exploring new career options. Her small wins were celebrated like big victories in the department. Her active participation in the extra-curricular activities saw her bringing forth a new and confident aspect of her personality. Her consistent SGPA 8.0 stands as a testimony to her learning and progress.

Shubham Tamta of MA is an average student having a lot of conflicting issues, which arise from her poor background. He needed support on many levels, though he showed promise. He wasn't keen on regularity and attendance in the first semester, gave excuses for his chronic absenteeism. In second semester, however, he improved with guidance and empathy. He was made a member of the literary association of the department and assigned duties. One block came into his academic career when he was compelled to skip one exam paper due to some personal emergency, which yielded him an F for the same paper. The student is still in touch and seeks help and support in his career making decisions. He has good communication and soft skills.

Shubham Tamta	MA II semester 7.00	MA COP
Yogita Mulani	MA II semester 8.00	MA III 8.0
