(2024-25)

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipment, etc.

1. All the departments are in possession of computers, printers, and overhead projectors, with few departments in possession of smart classes. All the departments have extended Internet facilities. At present, out of the total 20 departments, 10 are provided with the smart boards, 15 with the DLPs.

2. The institution possesses a well-equipped Computer Science laboratory, with a sizeable number of computers, which more often than not, are extended to the teaching staff to facilitate their work related to the online submission of the practical or viva marks to the parent Kumaun University.

3. The institution extend career-oriented vocational courses like PG Diploma in Yoga, M.A in Yoga, B. Sc and M. Sc, both in biotechnology, Diploma in Interior & Exterior decoration, and PG Diploma in Guidance & counseling, as well as self-financed B. Ed courses, as add-on courses. All these vocational or self-financed courses have adequate space and all the infrastructural facilities to cater to the needs of the enrolled students, inclusive of all the equipment (e.g., for B. Sc and M. Sc biotechnology courses, and ICT-based teaching for all), and required strength of teaching staff for each class.

4. The college library extends eGranthaalaya facility to all the enrolled students. The research scholars, which at present number around 400, have access to One Nation One Subscription (ONOS), DelNet online facility to access online journals. At the same time, the Reading Hall maintains 45 research journals subscribed specifically for the research scholars, catering to needs of all the subjects.

5. All the classrooms have adequate furniture availability, properly ventilated and with adequate light. In the absence of the electricity supply, 125 KV electricity generator is used, which though falls short of the actual requirement. The institution further proposes to install another generator to fill in the gap.

6. At present the total number of books available with the college library is 1,57, 586. While the undergraduate students are offered 2 books at a time, this number is 6 for the postgraduate students.

Brief layout of the physical infrastructure is presented below:

S. No	Facilities available	Quantity		S. No	Facilities available	Quantity
1.	Classrooms	70		9.	Students' toilets	24
2.	Laboratories (For basic sciences)	21		10.	Staff toilets	27
3.	Computer Science Laboratory	01		11.	Independent cubicle for faculty	72
4.	Computers	77		12.	Staff toilets	27
5.	Books, reference texts	1,57,586		13.	Journals	45
6.	Smart Boards/DLPS	12/15		14.	E-Journals	Yes
7.	Reading Hall	1		15.	E-Books	Yes
8.	Seminar Hall	2		16.	eGranthaalaya	Yes
				17.	Subscription to DelNet	Yes
				18.	Registered for ONOS	Yes

The **Reading Hall** extends help to all students preparing for different competitive examinations, and remains open from 10:00 AM to 4:00 PM, on all days except during annual/semester examination.

This is to certify that the information provided above is correct to the best of my knowledge & belief.
