(2024-25)

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The sustained development and growth achieved are attributed to the effective execution of proper strategies by the institute. The institution actively formulates short-term and long-term goals and objectives for academic growth and development, ensuring their effective realization through various committees and cells. The strategic plans, thus formulated, are designed to actualize both academic and administrative development within the institution. In the year 2024-25, the following plans were conceptualised and implemented:

1. Preparing the institute for the implementation of NEP 2.0
2. Towards strengthening research activities, a workshop on the submission of research projects to both state- and national-level agencies was conducted, which resulted in 4 of the faculties receiving research grant-in aid.
3. MoUs were signed with a number of academic and research institutes, towards promoting collaborative efforts for the overall growth of the students.
4. Not just the offline research journals, but also online subscription of journals was carried out. Additional subscription of DelNet, and registration of all the research scholars to access online facility through ONOS (One National One Subscription) was carried out.
5. AISHE report was duly prepared and submitted to the UGC.
6. A number of seminars and international conferences were conducted, with active participation of both the faculty as well as college students, principally the research scholars, who again presented their papers.
7. Towards Green campus initiatives like Operationalization of the 36 KW solar energy production was done, plantations were carried out.
8. Admissions were carried out within the stipulated time, and classes started timely. Similarly, examinations were conducted in transparent and fair manner; the internal evaluation marks were uploaded in the university Samarth portal, so that the results could be declared timely.
9. This year 2 workshops on IPR were conducted, with active participation of the research scholars. The routine Pre-Ph. D coursework for the newly enrolled research scholars was conducted over a period of 1 & ½ months.
10. Workshop on Entrepreneurship development was carried out for the interested students, exhibition of their products was held, which again was evaluated by a select committee and

successful students, duly carried out the 3rd phase of initiative taken, i.e., showcasing their produce or innovative ideas to a larger audience at the state-level exhibition, held in Dehradun. Towards strengthening the Entrepreneurship Development Cell, 3 faculties attended the workshop in EDII, Ahmedabad.

11. The Career Counseling & Placement Cell, organised a number of job fairs within the campus, as also expert talks.
12. The physical infrastructure was improved with substantiative renovation carried out, principally the laboratory facility in the Department of chemistry.
13. More book banks were established across a number of departments. There, however, still remains few departments, who still need to establish the facility for the use of Postgraduate students.
14. The girls' washroom/lavatory facilities were upgraded with provision of sanitary disposable machines, and water facility.
15. Auditing by an external audit team was carried out, records and financial statement, as also evidential records related to AQAR, and other administrative-related documents checked and duly verified.

Entrepreneurship development workshop in progress
