## CLEANING, MAINTENANCE AND CARE

For daily cleaning, lukewarm water and possibly a household detergent are recommended. The following are recommended for heavier dirt :

After use, always rinse well with plenty of water.

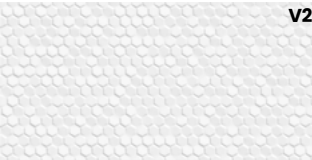

- |                |                                                                 |
|----------------|-----------------------------------------------------------------|
| <b>Oxidant</b> | : bleach, hydrogen peroxide                                     |
| <b>Alkali</b>  | : basic, ammonia, degreasing detergent                          |
| <b>Acid</b>    | : acid detergents, de-fouling cleaners, cement remover          |
| <b>Solvent</b> | : universal solvent, thinner, turpentine, white spirit, alcohol |

| Type of Dirt         | Type of Detergent                                              |
|----------------------|----------------------------------------------------------------|
| Beer, Wine, Coffee   | Sodium hypochlorite (bleach) in solution or alkaline detergent |
| Ice Cream            | Sodium hypochlorite (bleach) in diluted solution               |
| Tyre rubber          | Organic solvent (trichloroethylene)                            |
| Greases and oil      | Alkali-based detergent                                         |
| Inks                 | Sodium hypochlorite (bleach) in solution or alkaline detergent |
| Felt-tipped pen      | Organic solvent (trichloroethylene acetone)                    |
| Resins               | Organic solvent (turpentine, white spirit, thinner)            |
| Lines from aluminium | Acid detergent or abrasive cream/powder detergent              |
| Rust                 | Acid-based detergent                                           |
| Fruit juices         | Sodium hypochlorite (bleach) in diluted solution               |
| Other stains         | Abrasive cream detergent                                       |
